|--------------|----------|-----------------|
| BZ33-FEET | .3538230 | 4" x 4" x 17.7" |
| BZ33-FEETCAP | .3538231 | 4" x 4" |

Paintable: Paint manufacturers recommend the use of polyurethane coating to paint PVC and ASA products and their recommendations should be followed. Flexible products (PE or PP material) are not paintable—the flexible material will not allow paint to adhere. It is recommended to paint in bright colors only. Clean and degrease before painting.
