Finish	Model	ID No.	Compatible Line Cover	Size
	BZ33-LC100CON	.3538212	BZ33-LC100	4" x 3"
	BZ33-LC150CON	.3538213	BZ33-LC150	6" x 3-1/4"

Paintable: Paint manufacturers recommend the use of polyurethane coating to paint PVC and ASA products and their recommendations should be followed. Flexible products (PE or PP material) are not paintable—the flexible material will not allow paint to adhere. It is recommended to paint in bright colors only. Clean and degrease before painting.
