**September 13th - 30th, 2021**

Meet 15 Korean Bio & Pharma Leaders Tackling Covid-19 on the Frontline

Ensure your browser is updated to the latest version. Use the latest internet explorer to optimize your view.

In May of 2021, the U.S. and Korea decided to establish '**KORUS Global Vaccine Partnership**', in a summit meeting between U.S. President Joe Biden and Rep. of Korea President Moon Jae-in. Both countries have recognized the suffering COVID-19 has caused all over the world and therefore decided to share a multilateral cooperation to bring an early end to the COVID-19 pandemic. This partnership was formed to supply more COVID-19 vaccines globally and to combine U.S. vaccine technology and Korea's production capacity.

Ministry of Trade, Industry and Energy & KOTRA are organizing '**U.S.-Korea Global Vaccine Partnership**' to showcase 15 renowned, cutting-edge Korean Bio/Pharmaceutical companies. We hope this event will not only expand the production of vaccines that have been demonstrated safe and effective, but also provide a positive and stable vaccine supply to the world.
