Question 11 -- Activities

We provide advice and legal counsel on various international trade issues to the Government of Chile. We monitor developments in Congress and the Administration with respect to the effort to enact U.S. legislation to authorize "fast track" Congressional consideration of trade agreements. Based on such monitoring, we provided assessments to the Government of Chile concerning the prospects for enactment of such legislation. In addition, and outside our obligation to register, we provided legal advice and analysis to the Government of Chile on numerous questions of international trade law, including multilateral and bilateral agreements. The vast majority of our work for the Government of Chile fell within the latter category of activities.
