July 9, 2019

## UAE SUPPORT TO YEMEN

### SUPPORT FOR THE POLITICAL PROCESS

The UAE remains committed to supporting the UN-led political process in Yemen and upholding the integrity of the Stockholm agreement. The UAE understands the need for a political solution and its support of the process and restraint from contributing to escalation has been critical in allowing space for negotiations.

1. The UAE continues to refrain from retaliating against the Houthi rebels' thousands of ceasefire violations and has encouraged Yemeni government-backed forces to do the same.
2. The UAE continues to refrain from undertaking a military offensive in Hodeidah, despite the Houthis' violations and obstruction of the political process.
3. In a June 23, 2019 joint press release with the US and the UK, the UAE reiterated its strong commitment to the UN-led political process and UN Special Envoy Martin Griffiths. The countries also called on all Yemeni parties to "engage constructively" in order to implement the Stockholm agreement in a swift and effective manner.

### HUMANITARIAN ASSISTANCE

The UAE has engaged in one of the world's largest humanitarian relief operations providing food and fuel; rebuilding electric, water and sanitation systems; reconstructing schools and hospitals; and paying salaries for teachers and government workers.

UN Secretary General Antonio Guterres largely attributed the 30 percent increase in pledges during this past February's Geneva conference to the \$500 million contribution made by the UAE. *This is in addition to the previous \$930 million donated to the UN and the \$70 million donated to UNICEF in 2018 by the UAE and Saudi Arabia.*

On April 8, the Arab coalition provided \$200 million in aid to Yemen for use during the month of Ramadan, as part of its Geneva conference pledge. These funds were used to ensure food aid distribution, assist malnourished children and pregnant women, and combat cholera in partnership with the World Health Organization (WHO). During the month of Ramadan, the UAE distributed over 80,000 meals to mosques, underprivileged families, and hospital patients.

*The UAE has provided more than \$5.5 billion in assistance to Yemen over the last four years including the \$500 million pledged in February 2019 to the UN at the Yemen Aid Conference in Geneva.*

*This assistance has reached 17.2 million Yemenis, including 11.2 million children and 3.3 million women.*

*UAE funds have provided for 16.3 million Yemenis to receive food aid, 11.4 to find access to healthcare, 13 million to receive vaccinations, and 1.8 million boys and girls to receive education services.*

These materials are being distributed by UAE Strategies on behalf of the Embassy of the United Arab Emirates in Washington DC. Additional information is on file with the US Department of Justice, Washington DC.

July 9, 2019

1. UAE funding of the UN Humanitarian Response Plan for Yemen was disbursed to the following organizations: UN OCHA, WHO, UNHCR, WFP, UNICEF, IOM, and FAO. This programming provided projects in the following sectors: health, water and sanitation, emergency food aid, nutrition, and livelihood support.
2. The UAE's direct assistance to Yemen includes general program assistance to pay the salaries of government employees, emergency food aid, humanitarian shelter and non-food items, water and sanitation, health – in particular to support anti-cholera measures, education, legal and judicial reform, energy generation, and infrastructure support.

## 2019 Emirates Red Crescent (ERC) PROJECTS

### *Education*

- In March 2019, the ERC opened the Azan Educational Complex in the Abyan governorate and **provided school supplies for up to 1,200 students** that will soon attend.
- In February 2019, the ERC reopened the Al Fatah Elementary and Secondary School in the Hodeidah governorate, after it has been renovated, rehabilitated and furnished, to support the education sector in Yemen. **This will enable 1,800 students to return to school.**
- In February 2019, the ERC reopened the Khadija bint Khuwailid School for Girls on the Red Sea Coast, **which will allow 650 girls to resume their education.**

### *Medical Sector*

- In January 2019, the ERC launched four mobile clinics along the Red Sea Coast. The mobile clinics have since **provided free health services to over 16,000 Yemenis.**
- In February 2019, the ERC inaugurated a healthcare center on the Red Sea Coast after restoring it and supplying it with medical equipment and a solar energy system, to serve nearly 5,000 people.
- In February 2019, the ERC launched **a health awareness campaign targeting 18,000 students** from remote village schools and internally displaced persons camps in various liberated areas of Yemen's Red Sea Coast.

### *Infrastructure*

- In June 2019, the UAE signed a \$100 million deal to build a power plant in Aden that will **support the electricity needs of about 2.5 million Yemenis.**
- In February 2019, the ERC launched a fish landing center on the Red Sea Coast as part of a rebuilding project that includes a fish landing harbor, two rooms to manage the local fishing association, and an integrated solar power system. **The project will benefit 6,000 fisherman and will help improve the living conditions of over 40,000 people in the area.**

These materials are being distributed by UAE Strategies on behalf of the Embassy of the United Arab Emirates in Washington DC. Additional information is on file with the US Department of Justice, Washington DC.

July 9, 2019

- In February 2019, the ERC opened the final phase of the Sheikh Khalifa Residential City for those affected by the floods that swept through the Hadramaut governorate in Yemen during the past few years. **The city consists of 607 housing units, along with infrastructure services including roads, solar-powered water pumping systems, electricity grids and sanitation systems.**

#### *Clean Water*

- In February 2019, the ERC implemented a water project which included drilling an artesian well and supplying large water tanks in the Lahij governorate, **benefitting 25,000 people.**
- In May 2019, the ERC launched the 'Saqia Water Project' in remote areas of the Hadramaut and Shabwa governments, which aims **to distribute 40,000 water containers** to Yemenis suffering from draught and poor access to clean drinking water.

## **OVERVIEW of 2018**

#### *Food Aid*

- **From June 2018 to December 2018 alone, the UAE has provided food aid to the Hodeidah governorate amounting to \$321.5 million. This included over 110,000 food aid parcels delivered, benefitting some 770,000 individuals.**
- The UAE and Saudi Arabia launched the Imdaad campaign in November 2018, pledging an additional US \$500 million to combat famine in Yemen with the aim to provide food to 10-12 million Yemenis. The campaign will cover all regions of Yemen, regardless of political or geographical considerations, reaching all of Yemen's citizens in need, with priority given to the most vulnerable, predominantly malnourished children, pregnant women, nursing mothers, the elderly and the ill.

#### *Education*

- The UAE has provided for the reconstruction and rehabilitation of 230 schools.
- The UAE, in partnership with the Kingdom of Saudi Arabia, has donated **US \$70 million to support Yemeni teachers through UNICEF. Of the \$35 million donated by the UAE, salaries for 135,000 teachers are being covered for a ten-month period.**
- In Yemen's Red Sea Coast region, 14 schools have received educational materials as well as solar powered panels, to ensure a continued supply of energy, to avoid any disruption to the school year.

*In collaboration with USAID, the UAE has contributed \$5 million to the 'Food for Thought School Feeding Program in Yemen,' being implemented by the World Food Program.*

These materials are being distributed by UAE Strategies on behalf of the Embassy of the United Arab Emirates in Washington DC. Additional information is on file with the US Department of Justice, Washington DC.

July 9, 2019

- In collaboration with USAID, the UAE has contributed \$5 million to the 'Food for Thought School Feeding Program in Yemen', being implemented by the World Food Program. This supports school children exposed to protracted instability and the consequences of conflict by promoting educational and nutritional outcomes that ensure their protection and continued access to education.

#### *Medical Sector*

- UAE aid has provided for the rebuilding and maintenance of 55 hospitals and medical centers.
- In the Hodeidah Governorate, mobile medical clinics have been established, providing treatment for respiratory illnesses, high blood pressure, acute malnutrition, dengue fever and prenatal care, for thousands of Yemeni civilians.
- **In Hadramaut, the UAE has given \$ 20 million for the refurbishment of medical centers and clinics. 75 ambulances have been provided, while 488,000 children have received polio and measles vaccinations** as part of a preventive medicine campaign.

#### *Infrastructure*

- Rehabilitating the country's basic infrastructure such as airports in Aden, Al Rayyan and Socotra, as well as seaports in Aden, Mukalla and Socotra, has been a priority in the UAE's aid policy to Yemen.  
In Hodeidah governorate, an additional \$30 million has been allocated for refurbishment and repair of the infrastructure in liberated areas.
- UAE infrastructure work on ports allow fishermen to resume their activities, with consequent benefits both on employment and on the availability of fresh fish in the markets.

#### *Energy*

- **Seventeen power plants have been constructed, rebuilt and maintained, including a \$100 million 750-megawatt power plant in Aden, to help meet the country's electricity deficit.**
- In the Hadramaut, the UAE has invested \$80 million to refurbish power stations.

#### *Clean Water*

- Efforts to improve the supply of safe drinking water, a key to the prevention of the spreading of diseases like cholera, have included the **refurbishment of ten water plants and networks with 80 pumps and four sewerage treatment plants.**
- 250 freshwater dams and wells have been built or dug, along with 23 water stations and reservoirs.

These materials are being distributed by UAE Strategies on behalf of the Embassy of the United Arab Emirates in Washington DC. Additional information is on file with the US Department of Justice, Washington DC.
