Trish – It was great talking to you today! Per our conversation, here is link to the Catmosphere website: <https://catmosphere.org/>

You will see there is a page on Catwalk that has good information, but it is still focused on last year's event. We expect that to be updated soon. As you can see on Catmosphere's Facebook page (<https://www.facebook.com/catmospherenow>) they are already promoting the February 10, 2024 Catwalk.

Finally, I thought you'd enjoy this video that was used to help promote last year's Catwalk: <https://www.youtube.com/watch?v=N2szkrC7D4c>

I will be in touch as we get more info/materials on the 2024 Catwalk. Again, I really appreciate your interest and let me know what questions you have.
