

### **Strat-O-Matic Memories**

My son Michael (age 14) and I (age 51) made a pilgrimage to Glen Head last summer to pick up the current year of Baseball SOM Cards. It had been 35 years since my last visit when I visited Glen Head with my High School friends to pick up Cards. The visit with my son brought back a rush of memories and emotion that I didn't expect. Strat-O-Matic was such an impactful part of my childhood, playing Baseball, Football, and Basketball leagues with my friends.

Today, I've passed the bug onto my son – despite his interest in Video Games, Fantasy Leagues, and Daily Fantasy. I love that he appreciates the cards and dice, and we have great times together playing Strat-O-Matic.

This year, Michael has a Baseball Tournament at Baseball Heaven on Long Island, and we plan on stopping by Glen Head to pick up this year's cards!

Thanks so much for the memories!
