

Bike Trail Flooding

David Zokaites

June 4, 2019

In The Spring

- Snow melt causes high rivers
- Bike trail near river floods, multiple locations
- Annual issue

Falls Park Example

By Barney's

Riding Through Beauty

Global Warming

- Increases severity of extreme weather
- Increases chance of extreme weather
- Exceptional flooding more “normal”

Recommendations

- Increase elevation of lowest trail parts
- Improve utility of the trail
- Add curb cuts, access points

Need Access Path (Falls Park)
