Introducing Myself

- Hopeful, realistic
- Analytical, compassionate
- Proponent of tact, respect
- Don't like what's happening
- Working for a better world
- Very educational mayoral campaign

Democratic Republic

- Peaceful exchange of power
- “Leaders” voted in
- This part is great
- There's more to the story, another time

Commend Political Candidates

- Running for office requires dedication
- Huge time, energy commitment
- Very difficult
- We salute people who campaign

Commend New “Public Servants”

- New mayor
- New councilors

Two Huge Opportunities

- Promote better government
- Significant change of focus
- Valuable but difficult

New Parking Ramp

- Walker report said \$10 million for a large ramp
- But we're paying \$21 million for a small ramp
- Disreputable builder
- This scam should be cancelled

Drug Treatment Programs

- This is huge, espoused during recent campaigns
- I've talked about it for years
- Healing, not jail
- But ...
- Promises are easy
- Declining city budget
- “Get tough on crime” competes
