

**NEW! Hydrating Calendula Cream**  
**6 per scent    \$23.00 MSRP**

Oatmeal, Milk & Honey  
Lemon & Lavender

Sunday Beach  
Lavender Essential

Benefits of calendula - infused oil:

Calendula flowers have anti fungal, antibacterial, and anti-inflammatory properties. We infuse jojoba with dried calendula petals for several weeks to maximize calendula's potential.

Benefits of using jojoba oil:

Jojoba oil is a humectant, meaning that it works to attract water to the top layer of the skin, keeping it hydrated. Although jojoba oil is a botanical substance, its makeup is so similar to the oil (sebum) your skin naturally produces that your skin can't tell the difference.

Benefits of Vitamin E oil:

Vitamin E helps the skin protect itself against aging, inflammation, and sun damage.

Made in United States of America

## Best Seller

### 8 oz Goat Milk Lotion 6 per scent MSRP \$18.95

This seriously luxurious lotion contains goat's milk, honey and natural shea butter. Goat's milk is high in proteins, triglycerides, vitamins A, B6, B12 and E.  Sunday Beach, White Tea

**Reed diffuser refills (8 oz plastic bottle)**  
**\$8.95/1 \$19.95 MSRP**  
 Same scents as the full kit.

## Therapeutic Skin Salve 2 oz 6 pc \$15.95 MSRP

Got skin? You need this! Got kids? You need this. Got man-hands? You need this. I've seen scars diminished in a matter of two weeks, rashes healed within 48 hours, and severe eczema inflamed skin normalize in a matter of days. This is the only thing we use in our house for eczema, scratches, don't know's, and any other manner of weirdness. It works and you need it.

Made of 100% all-natural ingredients: coconut oil, avocado oil, olive oil, beeswax, arrowroot powder, vitamin E, and essential oils of lavender, melaleuca, thyme, geranium and frankincense.

If you didn't already know, frankincense is the king of all essential oils. It heals, it kills germs and bacteria, it disappears things. And if it was good enough for baby Jesus, its good enough for me!

2oz reusable glass jar

Therapeutic Skin Care Salve Sample Card (not for resale) \$10.00/12

Therapeutic Skin Care Salve .3 small size \$2.75/6

**Children's Skin Salve 2 Oz**  
**6 pc \$15.95 MSRP**

While our original Therapeutic Skin Salve is great for dang near everything, we set out to formulate an all-natural essential-oil based mild salve designed specifically for the youngest skin. It is made of carefully selected essential oils and natural base oils, shea butter, vitamin E and candelilla wax. We chose essential oils of Lavender, Rosemary, Basil, Eucalyptus and Melaleuca (Tea Tree) for their abilities to heal and overcome typical baby and child related skin issues such as redness, diaper rash, bug bites, scratches, scars and more.

To use, apply to skin often, avoiding the eyes. As always, we recommend doing your own research on the ingredients to make sure you are aware. If you're still unsure about anything, consult with your pediatrician just as you would before putting anything on your baby.

**Acne Skin Salve**  
**6 pc \$15.95 MSRP**

Made with 7 powerful essential oils, our acne salve is a natural aid in the fight against pimples, zits, blackheads, whiteheads, scars, unsightlies and more. It took me forever to formulate this salve because I had to get just the right mix of essential oils and all-natural base oils. The base oils had to be non-pore clogging because clogged pores are the main reason we see blemishes in the first place.

The essential oils were carefully chosen after hours and hours of research, tests and trials.

In the end the winners were:

Melaleuca, Clary Sage, Eucalyptus, Juniper Berry, Geranium, & Rosemary.

**100% All Natural**

To use: apply to skin often (especially at night). Spot treat or apply to large area, just remember that this is oil-based and makes for a shiny face. Do not apply internally or in the eyes.

**Facial Moisturizer**  
**4 oz**  
**6 pc \$14.24 MSRP**

Our moisturizer is naturally fortified with aloe, beneficial essential oils and Vitamin E. It is also unnaturally lightweight, gentle and nourishing without being greasy. This stuff soaks in faster than rain in the desert. Will not clog your precious pores. Suitable for all skin types.

Featuring:  
 Frankincense essential oil: studies have shown that Frankincense helps to tone and lift skin, while reducing the appearance of scars and acne.  
 Lavender essential oil: Lavender helps your body produce three of your body's most powerful

antioxidants.

Why does this matter? Because your skin needs antioxidants to successfully fight free radical damage from things like smoggy air from those cars we all like to drive.

Geranium essential oil: Geranium is best known for its antibacterial and astringent properties. Its lesser known abilities include increasing blood circulation (promoting healing) while encouraging new cell growth.

98% Naturally derived ingredients.

**Facial Moisturizer Foil Samples pack of twelve**  
**\$1.50 MSRP each**

Our moisturizer is naturally fortified with aloe, beneficial essential oils and Vitamin E. It is also unnaturally lightweight, gentle and nourishing without being greasy. This stuff soaks in faster than rain in the desert. Will not clog your precious pores. Suitable for all skin types.  
 98% Naturally derived ingredients.

Single Use

## Oil Cleansing Method 6 \$14.75 MSRP

Getting right down to basics, when cleansing and moisturizing your skin, it is imperative that you keep in mind that oil dissolves oil. Our recipe consists of four carrier oils and three pure essential oils. Castor oil, being an oil superstar, has potent anti-inflammatory properties, but is also healing and cleansing. Jojoba is a very mild oil that helps to regulate both over- and under-active oil glands. Pretty cool huh? Sunflower oil is high in unsaturated fatty acids, keeping our skin tissues happy and healthy. Lastly, Sweet Almond Oil is known to relieve itching and inflammation. My choice of essential oils of Frankincense, Lavender, and Geranium is based on research proving these to be anti-inflammatory, soothing, and suitable for all skin types.

Do not be afraid of applying oil to your face. Oil, alone, will not bring you blemishes.

98% Naturally derived ingredients.

## Therapeutic Skin Salve Lip Balm

12 pc \$4.50 MSRP

100% all-natural ingredients: coconut oil, avocado oil, olive oil, beeswax, arrowroot powder, vitamin E, and essential oils of lavender, mela. If you didn't already know, frankincense is the king of all essential oils. It heals, it kills germs and bacteria, it disappears things.

Lavender helps your body produce three of your bodies most powerful antioxidants. Why does this matter? Because your skin needs antioxidants to successfully fight free radical damage. Geranium is best known for its antibacterial and astringent properties. Its lesser known abilities include increasing blood circulation (promoting healing) while encouraging new cell growth.

**Lavender Tea Tree Facial Bar**  
6 \$8.95 MSRP

This glycerin-rich shea butter facial bar contains no harsh detergents, leaving your skin soft and healthy. Lavender essential oil soothes redness while tea tree essential oil's disinfecting properties destroy bacteria in your pores. Activated charcoal and bentonite clay help purify and detox your face while providing extra gentle exfoliation.

5oz

Sulfate & Paraben free

**Aloe Vera & Charcoal Facial Mask**  
6 pc \$15.95 MSRP

Leverage the detoxing benefits of activated charcoal and carefully chosen essential oils to help deep clean your pores. Lavender is one of the world's most widely used essential oils - One of lavender's most exciting properties is its ability to help your body produce three powerful antioxidants. Your skin needs antioxidants to successfully fight free radicals in our environment. Melaleuca (Tea Tree) essential oil has a long list of benefits. Research on this Australian oil's abilities have documented its power to kill many strains of bacteria, viruses and fungi. Melaleuca is most widely known for its antiseptic, anti-inflammatory and antimicrobial properties, Our mask is meant to be used 2-4 nights per week. It is suitable for all skin types.

Paraben, Phthlate and Sulfate Free

**Aloe Vera & Charcoal Facial Mask Foil Samples**  
1 twelve pack \$1.50 MSRP

Same features as above.  
Single use size.

**40 oz Laundry Soap**  
**6 bags \$15.95 MSRP**

Hey there, why not be the coolest person you know?

This is the laundry soap the owners have been using for years. After trying all the "Free & Clear," "baby," and "sensitive" laundry soaps out there with zero success, this is the only soap that hasn't broken out our daughter's sensitive skin.

The "One Perfect Scent" has a pleasant soapy smell that comes from mixing up about 20 different scents of goat milk soap. No two batches are gonna smell exactly alike.

The "Unscented" is made from pure 100% All Natural, plain goat milk soap, there is absolutely no added fragrance.

Three main ingredients in this stain-fighting soap: goat milk soap, borax & washing soda. The goat milk soap itself is made of raw goat milk, olive oil, coconut oil, palm oil, sodium hydroxide (lye), fragrance, castor oil,
