SADIE KLUMPP RECEIVES HOOVES AND BOOTS AWARD

SADIE KLUMPP & HER CALF GRACE

The Richard and Caroline Dibble family of West Winfield, NY, have selected Sadie Klumpp of Appleton, NY, as the recipient of their Hooves and Boots Award for 2017. This is the third Normande heifer the Dibble family has given in memory and honor of their son, Elijah Dibble. Their Hooves and Boots Award program is similar to NANA's Youth Heifer Program and gives a Normande heifer to a young person in the New York state area.

Sadie is a 15 year old high school student and is excited about her Normande heifer. Her family used to be involved in dairy farming but now as a family they raise Boer goats, chickens and rabbits on their property.

A unique feature of the Dibble's application for their heifer award program is the young person can check a box if they would like their application to be automatically considered the following year if they are not selected as the winner. In 2015 Sadie checked the box but then submitted another application in 2016. Sadie's determination impressed the Dibbles as she pictorially documented her animal showing experience and her work at home.

Sadie submitted the following to Normande Happenings, "My name is Sadie Klumpp. I am 15 years old and live in Appleton, NY. I am the 2017

Hooves and Boots winner. I have entered the contest every year and I am very thankful the Dibble family chose me. I look forward to learning more about Normandes and promoting the breed.

I received my calf, Grace, when she was two weeks old. I feed her at 6am and 6pm every day. I walk her on the halter and we are bonding well. I look forward to showing her for the first time in 2018. Until then I will continue to spend time with her every day and research the breed, and learn as much as I can. I love her so much!"

Richard and Caroline Dibble made the following comments to Normande Happenings: "The Dibble family feels privileged to come in contact with so many fine young people through this program. It is always a difficult decision, but Sadie impressed us with her extra effort. On the application is an option to automatically have your application reconsidered in following years, and Sadie opted for this. But she still submitted an impressive application a second time, showing a real willingness to invest herself. It was terrific to meet the Klumpp family and we wish them every blessing and welcome them to the Normande world."

The NANA Board of Directors appreciate the Dibble's sponsorship of their Hooves and Boots Award Program, and thank them for their efforts in promoting the Normande breed in the state of New York. And we wish Sadie Klumpp the best as she raises and shows her Normande heifer.

ANNUAL MEMBERSHIP MEETING

***SEPTEMBER 8, 2017**

***7:00 PM.**

***AT THE SCHIMMING BUILDING, IOWA COUNTY FAIR GROUNDS, MINERAL POINT, WI**

The North American Normande Association Annual Membership Meeting is scheduled for September 8, 2017, at the Iowa County Fairgrounds, 900 Fair St, Mineral Point, WI. We will be gathering in the Schimming Building on the fair grounds at 7:00 pm., tentatively we will be having pizza. Please let the NANA office know if you are coming so we can get a reasonable count on meals needed.

The Annual Membership Meeting will follow the meal. The meeting agenda includes election of members to the Board of Directors, Annual Association Report, Annual Registry Report and anything else members wish to bring before the NANA membership.

Lodging is available at either of these facilities in Mineral Point, Wisconsin: The Quality Inn (608-987-4747 or toll free 866-987-4747); Dairyland Motel LLC (608-987-3141); or Redwood Motel (608-987-6500). Camping is available at the Iowa County Fairgrounds (608-987-3490); Lake Joy Campgrounds (608-762-5150). All are near or in Mineral Point. There are also numerous places of lodging in Dodgeville and Platteville, as well.

POLK COUNTY FAIR SUCCESS

When Courtney Jenkins of Bolivar, MO went home from the 2016 National Normande Show, she had two Normande heifers in her family's trailer. Courtney had received OBR Dakota as the 2016 winner of NANA's Youth Heifer Program and not wanting to have just one Normande in their dairy herd, her family also purchased Miller Tyme from Lexa Miller. Both heifers have adjusted to their new digs and have developed well for Courtney.

The Polk County Fair located in Bolivar, MO, bills itself as one of the largest free admission county fairs in the entire state of Missouri. For three days it is full of family friendly activities including a rooster crowing contest; poultry, sheep, dog, horse, goat, rabbit, swine, dairy and beef shows, and a livestock auction; super farmer, pig scramble, kids games, bounce houses, homemade pie, and butter making contests; antique tractor show, a kiddie tractor pull, a garden tractor/mini-rod pull, and a tractor pull.

COURTNEY JENKINS &
MILLER TYME DA-JAY

Both of Courtney's heifers were shown in the Any Other Breed category. Miller Tyme Da-Jay was shown as a senior heifer and ended up being chosen as the Senior Champion Female of the Any Other Breeds. She went on to be selected as the Grand Champion of the Any Other Breeds.

OBR Dakota was shown as a junior heifer. She was selected as the Junior Champion Female of the Any Other Breeds, and was chosen Reserve Grand Champion Female. Courtney also exhibited Dakota in the Showmanship competition.

FACILITIES

The Iowa County Fairground is located on Fair Street in Mineral Point, WI.
No bedding or feed will be provided; all exhibitors must bring their own.
RV or camper parking is available at the fairgrounds and several motels are located in Mineral Point.

WISCONSIN HEALTH REQUIREMENTS FOR CATTLE

Cattle originating from within Wisconsin: There are no test or health document requirements for cattle from within Wisconsin.

Cattle originating from outside of Wisconsin: A Certificate of Veterinary Inspection shall accompany all cattle documenting animal identification and all tests or certificates required.

Steers are exemption from any brucellosis test requirement.

Cattle from Brucellosis Certified Free herds in Class A states may enter Wisconsin without a prior brucellosis test if the certified herd number and the last test date appear on the Certificate of Veterinary Inspection.

All cattle originating from Tuberculosis **Modified Accredited Advanced** states shall have a negative tuberculosis test within 60 days of entering Wisconsin; these states are Minnesota and New Mexico. Call the Wisconsin Division of Animal Health for a current listing of these states. (608-224-4872)

Dairy animals from states not recognizing Wisconsin's Tuberculosis Free status shall be required to have a negative tuberculosis test within 60 days of coming into Wisconsin. These states currently include: Arizona, Arkansas, California, Colorado, Connecticut (beef also), Georgia, Idaho, Indiana, Kansas,

Missouri, Montana, Nebraska (beef also), Nevada, Oklahoma, Oregon, Pennsylvania (beef also), South Dakota, Texas, Utah, Washington, West Virginia (beef also) and Wyoming. Call the Wisconsin Division of Animal Health (608-224-4872) to check on the current status of your state if you do not know it.

Cattle originating from Tuberculosis Accredited Free herds (except MI) may enter Wisconsin without a prior test if the accredited herd number appears on the Certificate of Inspection.

Cattle originating from Michigan must have a permit number and require special tuberculosis testing. Call the Wisconsin Division of Animal Health (608-224-4872) to determine testing requirements.

If you have any questions about what is needed to bring your cattle into Wisconsin contact your veterinarian or the Wisconsin Division of Animal Health (608-224-4872).

FARM DISPLAY EXHIBIT

Rules: This category is for anyone who would like to bring Normandes to the show but feels uncomfortable with leading them in a show ring. No awards will be given, just an opportunity to showcase your cattle tied in the barn.

Dr. Wachholz grew up on a family farm near Wautoma, WI, where they had a wide variety of farm animals, but primarily raised cucumbers for a packing company in Wautoma. But his interest was in the livestock animals they raised and so he focus his life on them. He earned an Agriculture Education degree from UW-Platteville and began his teaching career at the River Valley High School in Sawyer, MI. He continued his educational pursuits and soon returned to UW-Platteville to get a Master's Degree in Swine Nutrition. He then went on to South Dakota State University and earned a PHD in Swine Nutrition. After receiving his doctorate he returned to UW-Platteville where he taught as a full time professor for ten years.

In 1982 Dr. Wachholz was offered an opportunity to teach at the UW-River Falls campus and he took it, becoming an animal science instructor and coaching the UWRF livestock judging team. In 1990 his students chose him as the UWRF Distinguished Teacher. Following the end of the 2014 school year Dr. Wachholz retired from full time teaching but continues to assist with the Meat Animal Evaluation courses and the UWRF Beef Management team.

Dr. Wachholz and his wife, Judy (a native of Platteville, WI), continue to live in River Falls. They have two children, Lance and Erika, and a number of grandchildren.

TAMMY VOEGELI RETURNS AS DAIRY JUDGE

Tammy Voegeli will be returning as our judge for the dairy show. Tammy is a native of Arlington Wisconsin and is an active part of VoGrin Swiss Farms. She farms with her parents where they milk 80 cows. Tammy and her boyfriend, Allyn Paulson, also own and operate PV Boarding & Paule View Transport. They board show cattle for numerous clients and also transport cattle from coast to coast. They have a 2 year old son, Dakota who already has the bug for showing cattle.

Tammy actively exhibits at local, state and national levels, including the World Dairy Expo. She has been very successful in owning or housing All Americans in four different dairy breeds. She is an accomplished dairy cattle judge and has judged the WI State Jr Fair, the Illinois Jr State Fair, the National Cattle Congress in Waterloo, IA, along with many county fairs and district youth shows.

BOONE COUNTY FAIR SUCCESS

Life can be difficult for each of us at times and our response to those difficulties can make a significant difference in our future. For Trinitie Barnett of Boone, IA, and NANA's 2015 Heifer Program winner, there have been a couple of life changing events that have brought change to her and her family's lives. A number of years ago Trinitie's father was killed in a tragic accident and her and her family's world was turned upside

down. Just before Christmas of last year, her step father had a very serious heart attack, and had to have emergency quadruple heart by-pass surgery. Fortunately he survived, but he has not been able to work as he recovers. Yet she, her siblings, and her mother have not allowed the blows they have been dealt to keep them from continuing to live life as best they can.

Trinitie continues to love and work with Rudan Iceton Dottie 644, the Normande heifer she was awarded in 2015. At the recent Boone County Fair Trinitie showed Dottie to first place in her breed class and ended up placing second in the two year old class. Trinitie and Dottie also did well in the showmanship class.

WORLD DAIRY EXPO

The annual United States dairy extravaganza is soon approaching. October 3 through October 7, 2017 are the dates for this premier dairy event. NANA and NANA Normande Solutions will once again be in the New Holland Trade Center on the mall area with a booth, promoting the breed and offering Normande semen from Evolution. Any assistance with our booth would be greatly appreciated as no one individual from NANA is able to be there every day of the event. Contact the NANA office if you can assist us for a day or two during the show.

PDM NORMANDES HOSTING NANA FIELD DAY

Paul and Delores Moechnig of Lake City, MN will be hosting NANA's 2017 Field Day on **October 14, 2017**. Their farming operation is located at 64841 310th Ave., Lake City, MN 55041. The day includes viewing the PDM Normande herd, a presentation on managed grazing, a delicious lunch, and an opportunity to hob-nob with fellow Normande enthusiasts. Everyone is invited to attend.

The PDM Normande herd consists of 70 registered cows and their calves, plus yearling replacement heifers. Paul and Delores also feed out their Normande steers and non-replacement heifers. They market their fat cattle through the Central Livestock Association at Zumbrota, MN and consistently receive some of the highest prices for their fat steers and heifers because the buyers have come to know PDM Normandes yield quality carcasses.

CIRCLE D ROCKET IMPACT 622P. FORMER HERD SIRE AT PDM NORMANDES. FROZEN SEMEN IS AVAILABLE.

The Moechnigs are well known within Normande circles as Paul has served on the NANA Board of Directors for several terms and he also served as NANA's secretary for a number of years. They have entered and sold a number of breeding bulls through the St. Croix Valley Bull Test. And they have purchased performance tested bulls to use in their herd to improve the genetics of their animals. Some of their first Normandes came from the Jerry Haus Normande herd (Sun Valley) at Prescott, WI. They have also utilized NANA's grading up program to develop and build their registered herd. You will not want to miss this field day!

Hi all!

It's my favorite time of the Normande year...Show time! I hope you can join us at the National Show. Please come, even if you aren't able to bring any cattle, come sit in the stands and cheer on your favorites. Or visit with other breeders. Or have some great lunch. Or bid on some Normande themed silent auction items. All are welcome. Bring a friend or neighbor along. Hope to see you September 8 and 9, 2017 in Mineral Point Wisconsin. Barb
