

NATURAL ULTIMATE CBD WITH PURE CANNABIS OIL AND ARNICA ANTI PAIN CREAM

Anti Pain Cream with cannabis oil is a best-selling product for a reason, IT WORKS! Anti Pain Cream with cannabis oil has an amazing combination of pain-relieving ingredients. This blend of all-natural ingredients has a warming and cooling effect that relieves pain and neuropathy like no other cream. The unique blend of cannabis oil, chondroitin sulfate, menthol, camphor, and eucalyptus deliver unmatched results.

Anti Pain Cream with cannabis oil also contains gum spirit of turpentine. This all-natural ingredient, harvested from pine trees, has been used for over a century for pain.

The cannabis oil in the Anti Pain cream absorbs into the skin for localized relief of pain, soreness, and inflammation. Anti Pain Cream with cannabis oil is 10% cannabis oil, is CBD rich, and contains 0% THC.

With our cream, we have had reports from customers getting fast, temporary relief from pain such as:

- Arthritis
