HANDPAINTED FAQ

Below you will find a set of FAQs for placing Handpainted orders:

1. Are there set-up fees for Handpainted tiles?

Yes, there is a \$150 small batch fee for any order under 25 pieces, whether it is standard or custom.

2. What is considered standard custom vs. non-standard custom?

A. Standard Custom = a current Fireclay pattern with a custom colorway & dryline combo.

B. Non-Standard Custom = a custom pattern in a custom colorway. In other words, something we don't have existing artwork for, or something we do have existing artwork for but at a different size than our standard offering.

3. What are the options for ordering standard custom Handpainted tile?

A. Using our online Color-It! tool, you may choose an existing pattern with black dryline and up to 6 glazes from the "Recycled" glaze offering. This excludes any white body glazes, or engobe glazes.

B. If your design requires a line color other than black, white, or medium grey please contact your Fireclay sales rep or Design Consultant.

4. What are the options for ordering non-standard custom Handpainted tile?

A. We require you to submit artwork or pattern reference material.

B. Artwork will be printed on tile sized for standard handpainted collections - 4x4, 6x6, 8x8, 6x12, or other custom size—you must specify the size.

C. We ask for the \$250 set-up fee before any custom work begins.

5. What is included with the non-standard custom set up fee?

A. Artwork production

B. Screen development

C. 2 samples

6. What is a dryline?

Dryline is proprietary formula of oils, waxes and pigments used to "resist" glaze during the painting and firing process of tile which allows for the clearly "outlined" section of each color.

7. What are available dryline colors?

White, Medium Grey & Black. We do not offer custom dryline colors at this time.

8. What is the price?

A. For standard custom - use the standard price for that pattern +\$5

B. For non-standard custom - orders are priced on a project basis. Contact your sales rep or Design Consultant for pricing.

9. What is the sample charge?

A. Standard Custom = \$20/pc

B. Non - standard custom = samples are included as part of set-up fee

Note: Due to the nature of hand applied glazes we cannot guarantee that glaze colors will match across our field and Handpainted tiles.

SHIPPING & PAYMENT

PAYMENT METHODS

Payment

We accept all forms of payment including check, eCheck, or credit card (Visa, Mastercard, American Express, or Discover). Because every product is custom made and we adhere to aggressive lead times, production will begin as soon as you place your order. Therefore, we will be required to collect the full balance up-front or charge your credit card as soon as you place your order. Because we offer the very best pricing in all situations, our pricing is based off a cash transaction, so additional credit card fees may apply.

- We are a small business and prefer e-check on all orders.
- For credit card payments, a convenience fee will be applied to your order.
- If a volume discount has been applied to your order, we will only accept payment via check or eCheck. If you want to pay with a credit card, a 1.8% convenience charge will be applied.
- If other terms are required please contact your salesperson directly.

Order Modifications

Because each order is custom made, we cannot change it once it has gone into production. If you do have a change, please contact us immediately to see if we can help resolve the matter quickly.

Add-On Orders

In the event that you need additional tile, you will have 30 days to request an Add-On from the time you receive your original order. For orders under 25 SF a small batch fee will apply.

- We require a control sample of your original tile order to begin production. We are happy to send you a return shipping label for sample submission.
- Please return the sample to the below address and reference your original order number, account name, and Fireclay Tile contact person:

Fireclay Tile Factory
521 Quarry Road
Aromas, CA 95004

- Due to the handcrafted nature of our tile, we are unable to guarantee that the color or sizing will be an exact match to your original order. However, we will do everything we can to make sure your Add-On is within range of your original order.
- Standard quoted lead times will apply to Add-On orders. If you need your Add-On order sooner than the quoted lead time, we may be able to accommodate depending on production availability. A Rush Fee will be applied.

Returns

Because every product is custom made, we cannot allow straight returns. However, if you are unhappy with your selection and it has not yet been installed, we can offer you up to 50% off a different item. Our philosophy is simple—if you are not happy with the product, we will work with you until you are.

Historical Reproductions

We will consider this for very large projects of at least 250 SF or a budget of at least \$20,000. However, for most projects we will not be the right company to handle your residential historical reproduction need.

SHIPPING

- Shipping will happen by either package service (FedEx/UPS) or via LTL freight carrier.
- Shipping estimates will be quoted at the time of order and may be modified if the actual shipping cost varies upon the final shipment.
- Upon ordering, we will need a ship to address and onsite contact information (name and phone number). We cannot process your order until this information has been provided. *Please note Fireclay Tile is not responsible for any redelivery fees incurred during the shipping process or additional accessorial charges (liftgate, difficult to reach or restricted areas) not discussed at the time of order.*
- Shipping charges are based on the following:
 - Weight of material
 - Destination zip code
 - Address type: Residential or Commercial
 - Liftgate: Shipping is quoted as curbside on truck unless a liftgate is requested. Additional charges may apply.
 - Difficult to reach or restricted areas
 - For commercial orders that require multiple pallets a \$12 pallet/crate fee will apply

Redelivery

If there is a redelivery request, you will be charged the corresponding amount charged to us by the freight carrier. Similarly, residential deliveries that were previously listed as a business address will be charged a Residential Redress Fee depending on what we are billed. To avoid these fees, please make sure your shipping information is accurate and up-to-date before placing your order.

SHIPPING & PAYMENT (CONT.)

International Shipping

We will provide shipping quote for international orders. Customs duties paid by customer. We can provide a freight quote for Alaska, Hawaii, International, and Commercial orders once the order has been placed.

Expedited Shipping

We will inquire about the shipping company's extra charges for expedited shipment and will charge you the difference. Please note we do not profit from expedited freight fees and only charge you what is charged by the shipping company.

Split/Consolidated Shipments

Because we process so many shipments a month and each order is made to order, we are unable to split or consolidate shipments.

• **THE FIRECLAY PROMISE** •

Love your tile or we'll make it right.
We've got you covered.

TRADE PROGRAM

We've been working closely with the trade for decades to provide both residential and commercial spaces with beautiful, handcrafted tile. Our experienced Trade Experts are here to help you execute your project efficiently and flawlessly. As an industry professional, you can expect:

- Free Samples
- Volume Pricing
- Complimentary Design Services
- LEED Credits
- 360° Customization

COMMERCIAL PRICING

Many variables factor into pricing of large projects, so we customize pricing for each commercial tile project, ensuring you get the best price possible.
