Dear Peggy,

I wanted to let you know how much we appreciate the work of the diversity project. Mount Wachusett Community College has now had on display all of your exhibits. I have received much feed back on how appreciative faculty, students, staff and community members have been to be able to view the photos and read the accompanying text.

Many people have commented that each exhibit has brought so much information and a face to very important topics to our community. Having the exhibit for a period of time in our library allowed so many people an opportunity to view it and return a number of times. I cannot even count how many students have said that they could relate to someone that they read about in one of the exhibits. Many faculty utilized the exhibits to further educate students about subject matter being discussed in their classes.

Thank you again for creating and making available these extraordinary exhibits. I feel this not only gave the people in your exhibits a voice but also our community members a voice. I look forward to hosting other exhibits you have in the works in the future.

Sincerely,
