Dear Peggy,

The shipment of the photos back to you closed the final chapter of our *Nothing to Hide* project. I am pleased that we were able to have the displays of photos at so many locations throughout the county and that the special programs were so well received. The assistance you provided and the very organized way in which you operate made it a delight to work with your group.

Enclosed are some materials that illustrate how we made use of the photos. In the future, I would be happy to speak to anyone who might be considering using the display. Sometimes a few words of encouragement can tip the scales. If you would have need of any of the photos, I would be happy to email them. Just let me know.

Wishes for the best with all of your projects. They are unique and certainly open up conversations about issues affecting many individuals.

Sincerely,

Beverly Randall
Executive Director
