The Three Bears

Three Brown Bears

Tune: 3 Blind Mice

**Three brown bears.
Three brown bears.
See all their beds.
See all their chairs.**

**The mommy cooked in
a big brown pot.
The daddy's porridge
Was much too hot.
The baby bear
Always cried a lot.
Three brown bears
Three brown bears.**

Goldilocks

When Goldilocks went to the house of the bears,
(make a roof shape with hands)

Oh what did her blue eyes see?
(peep through circled fingers)

A bowl that was huge, a bowl that was small,
(show huge, and small with hands)

And a bowl that was tiny, and that was all,
(make a tiny bowl with hands)

She counted them one, two, three.

Three Bears Song

Tune: Pop Goes the Weasel

Goldie came to a house in the woods
Inside all was quiet.
She saw cereal in three different bowls
And said, "I think I'll try it."

"The first bowl is much too hot.
The second's too cold-I hate it!
But the third bowl tastes just right!"
So Goldie quickly ate it!

Goldilocks went to another room
Inside all was quiet.
She found three chairs, looked at each,
And said, "I think I'll try them."

"The first chair is much too hard.
The second's too soft I fear,
But the third chair feels just right!"
Then she sat and broke it. Oh dear!

Goldie next climbed into a bed.
And after she closed her eyes
The three bears came back to their home,
And found her-what a surprise!

"Who's in my bed?" cried Baby Bear.
"Who's that in our house?"
Goldilocks awoke and ran away
As quickly as a mouse.

3 Little Pigs

Tune: Three Blind Mice

3 Little Pigs

3 Little Pigs

Each built a house

Each built a house

The wolf came by and he huffed and puffed

The straw and stick houses weren't strong
enough

The brick house was very tough

For 3 little pigs, for 3 little pigs

Three pink pigs.

Three pink pigs.

See their ears.

See their chins.

The big, bad wolf said, "Let me come in.

"Not by the hair of our chinny, chin, chins."

So he huffed and he puffed til' he blew their
house in.

Three pink pigs. Three pink pigs.

3 Little Pigs

The first pig built his house out of straw (building actions)

The first pig built his house out of straw

The first pig built his house out of straw

And along came the big bad wolf.

He huffed and he puffed and he huffed and he puffed, (big blow)

He huffed and he puffed and he huffed and he puffed (big blow)

He huffed and he puffed and he huffed and he puffed (big blow)

And the house made of straw fell flat. (big clap)

The second pig built his house out of sticks (building actions)

The second pig built his house out of sticks

The second pig built his house out of sticks

And along came the big bad wolf.

The third pig built his house out of bricks (building actions)

The third pig built his house out of bricks

The third pig built his house out of bricks

And along came the big bad wolf.

And the house made of bricks stayed strong.

Tune: Muffin Man

Oh, do you know the parts of plants,
The parts of plants, the parts of plants?
Do you know the parts of plants
That make them grow and grow?

The roots, they hold the plant in place,
The plant in place, the plant in place.
The roots they hold the plant in place
Soak up food and water, too.

The stem moves water up the plant,
Up the plant, up the plant.
The stem moves water up the plant
Brings water to the leaves.

The leaves soak up the rays of sun,
The rays of sun, the rays of sun.
And help the plant make food.

The flower grows into a fruit,
Into a fruit, into a fruit.
The flower grows into a fruit, Which holds the tiny
seeds.

Now you know the parts of plants,
The parts of plants, the parts of plants,
Now you know the parts of plants,
That make them grow and grow.

Up the plant.**

The stem brings water to the leaves.

Green Plants Need Song

Tune: Three Blind Mice

Three main things, three main things,
Green plants need, green plants need.
For plants to grow and plants to thrive,
In order to keep green plants alive,
What does it take for them to survive?
Just three main things.

Plants need sun, plants need sun,
That's number one, plants need sun.
For plants to grow and plants to thrive,
In order to keep green plants alive,
What does it take for them to survive?
Just three main things.

Plants need air, plants need air,
Be aware, plants need air.
For plants to grow and plants to thrive,
In order to keep green plants alive,
What does it take for them to survive?
Just three main things.

Plants need water, plants need water,
Especially when it's hotter, plants need water.
For plants to grow and plants to thrive,
In order to keep green plants alive,
What does it take for them to survive?
Just three main things.
