

Jesus Our Hope by Fellowship Creative

This is my hope and this my belief
At the end of the road You'll be waiting for me
Not that I've earned Your devoted embrace
But because I'm clinched in Your grip of grace

You brought down Heaven and Your Kingdom come
You made a way for everyone
You laid down Your life and took it up again
And we will rise with You when we reach the end

Jesus our hope
Our hope of Heaven
With His precious blood
Made a way for us
Jesus our hope
Of forgiveness
Death and sin are overcome
It is finished, love has won
Jesus our hope

I'm convinced all the pain we wore
Will be eclipsed by Your glory, we will hurt no more
And there's nothing we face that You didn't endure
We take heart, You overcame the world

Jesus our hope
Our hope of Heaven
With His precious blood
Made a way for us
Jesus our hope
Of forgiveness
Death and sin are overcome
It is finished, love has won
Jesus our hope

Higher and higher
Higher and higher
Higher and higher
Jesus, we lift You up

Higher and higher
Higher and higher
Higher and higher
Jesus, we lift You up

Higher and higher
Higher and higher
Higher and higher
Jesus, we lift You up

Jesus our hope
Our hope of Heaven
With His precious blood
Made a way for us
Jesus our hope
Of forgiveness
Death and sin are overcome
It is finished, love has won
Jesus our hope
