

Eclipsed by Fellowship Creative

We are lost in Your presence
Eclipsed like a flood
Our sins are overshadowed
In the light of Your great love
We are lost in Your presence

Everlasting Light, brighter than the sun
In You we're alive, we're forever one

And Your light, it shines on
And Your fire, it falls
And it's waking our hearts
And we're eclipsed
And we're eclipsed

We are found in Your promise
Surpassed by Your peace
Your grace outshines our weakness
In our fear You are our strength
We are found in Your promise

Everlasting Light, brighter than the sun
In You we're alive, we're forever one

And Your light, it shines on
And Your fire, it falls
And it's waking our hearts
And we're eclipsed
And we're eclipsed

The dark will never win
You outshine, You outshine
It can try, we'll never quit
We will rise, we will rise

The dark will never win
You outshine, You outshine
It can try, we'll never quit
We will rise, we will rise

Everlasting Light, brighter than the sun
In You we're alive, we're forever one

And Your light, it shines on

And Your fire, it falls
And it's waking our hearts

And Your light, it shines on
And Your fire, it falls
And it's waking our hearts
And we're eclipsed
And we're eclipsed
And we're eclipsed
