## INTRO

|Em / C / |G / / / |Em/ C /|G / / /|

## VERSE

**G**            **G/B**                            **C**  
I've been lost in the darkest places  
**G**            **G/B**                            **C**  
With a hole in my heart  
**Em**            **G/B**                            **C**  
I've been stripped of all my purpose  
**Em**            **C**    **G**  
I've been wandering from the start

## CHORUS

**Em**            **C**                            **G**  
But You  
**Em**            **C**                            **G**  
But You  
**Em**            **C**                            **G**  
But You  
**Em**            **C**                            **G**  
But You

## VERSE 2

**G**            **G/B**                            **C**  
In my shame I once was fashioned  
**G**            **G/B**                            **C**  
Stitched together with lies  
**Em**            **G/B**                            **C**  
I was hiding from your judgment  
**Em**            **C**    **G**  
My soul was paralyzed

## CHORUS

**Em**            **C**                            **G**  
But You  
**Em**            **C**                            **G**  
But You  
**Em**            **C**                            **G**  
But You  
**Em**            **C**                            **G**  
But You
