

Hands Down by Fellowship Creative

For every grief we face
There is a matching grace
For every thing we've done
There is a greater love

Every loss You replace
Every wrong You erase
We just get louder
Louder with our praise

When sin goes face to face with Your grace
Grace wins hands down
Hands down
When sin goes face to face with Your grace
Grace wins hands down
Hands down, hands down

Whatever fight that comes
There is a Mighty One
Whatever darkness brings
There is a King of Kings

Whatever battle we wage
Whatever evil we face
We just get louder
Louder with our praise

When sin goes face to face with Your grace
Grace wins hands down
Hands down
When sin goes face to face with Your grace
Grace wins hands down
Hands down, hands down

Sin didn't and sin doesn't
Have a chance in competition
With Your forgiveness
No sin didn't and no it doesn't
Have a chance
Against your grace

Ding, ding the bell rings

Life swings
No matter what this life brings, I'll sing
Cause You are the reigning One
The Champion
The sins of this life that come, You've overcome
We stick to our creed when things get rocky
With You on my side, no nothing can stop me
You won
You've won every round
It's about to get loud cause
Grace wins hands down

When sin goes face to face with Your grace
Grace wins hands down
Hands down
When sin goes face to face with Your grace
Grace wins hands down
Hands down

When sin goes face to face with Your grace
Grace wins hands down
Hands down
When sin goes face to face with Your grace
Grace wins hands down
