

## Reaching by Fellowship Creative

Step out on the water  
Give me faith  
Trusting You to lead and guide my way

Just one word from You  
Commands the waves  
Nothing stands against Your great name

So I'm reaching out  
Faith over fear  
No turning back  
I know You are here  
I give You everything I am  
The life I want is in Your hand

Stronger than the waves  
Your love remains  
You stretched Your arms for me  
My soul was saved

And when my faith is sinking  
Like a stone  
You pull me up and never let me go

So I'm reaching out  
Faith over fear  
No turning back  
I know You are here  
I give You everything I am  
The life I want is in Your hand

So I'm reaching out  
Reaching for more  
Take this heart  
Forever its Yours  
I give you everything I am  
The life I want is in Your hand

Jesus take my hand and lead me  
Lead me out to the unknown  
Further than my strength can take me  
Where I can't go on my own

Jesus take my hand and lead me  
Show me things I can't explain  
I will follow You forever  
For the glory of Your name

Jesus take my hand and lead me  
Lead me out to the unknown  
Further than my strength can take me  
Where I can't go on my own

Jesus take my hand and lead me  
Show me things I can't explain  
I will follow You forever  
For the glory of Your name

So I'm reaching out  
Faith over fear  
No turning back  
I know You are here  
I give You everything I am  
The life I want is in Your hand

So I'm reaching out  
Reaching for more  
Take this heart  
Forever its Yours  
I give you everything I am  
The life I want is in Your hand
