When Death Occurs

When a death occurs our staff is available 24 hours a day. You are welcome to use our website to select from various options and provide needed information. However, it is imperative that you call us at **(515) 331-6538** to let us know the death has occurred.

A few things to remember:

One of the reasons Des Moines Cremation costs less than traditional funeral homes is that we have no facilities for visitations or viewings. What does this mean to you now that a death has occurred? Take your time saying goodbye to your loved one. Give other family members the option of coming to the place of death to be with you. Call us when you are ready, and we will receive your loved one into our care.

Before we proceed with the cremation process, we will need vital statistic information for legal documents such as death certificate and social security notification. We will also need to secure authorization for the cremation from the next of kin. This can be done on our website, over the phone and via fax, or by meeting at our West Des Moines arrangement office. Our funeral director will contact you by telephone to review the information or set an appointment time.

Once the proper authorizations, permits and payments have been obtained, we will proceed with the cremation process. The cremated remains can be mailed to you, delivered in our service area, or picked up at our West Des Moines arrangement office. This process takes approximately a week to ten days.

Visit our website to learn more about our "Peace of Mind" process, service options, urn choices, obituaries and answers to many frequently asked questions.

WE KEEP IT SIMPLE

We realize families have many decisions to make when a death occurs, and it can be an overwhelming experience. At Des Moines Cremation, we simplify the process. Using our website, families can select packages from “simple cremation” to “celebration of life services”. The website also allows families to complete all necessary documents and forms from the comfort of their own home or office.

WE KEEP IT AFFORDABLE

We have very limited facilities and overhead. This means the families we serve do not have to pay for visitation rooms, chapels, and reception centers they don't use. We provide dignified cremation services at the most affordable price.

WE KEEP IT DIGNIFIED

Your loved one never leaves our care. We own our own crematory and it is operated by our licensed professional staff. Just because someone is cost conscious doesn't mean their loved one should not receive the care and respect they deserve.
