How is a Cloisonné urn made?

Urn Formation

The urn is shaped by hand using copper alloy sheets.

Approx. time - 3 days

Artistry Detail

A Master Artist creates an intricate design by bending and adhering copper wire to the urn.

Approx. time - 2 days

Color Application

Enamel is applied and the urn fired in a kiln. This process is repeated three times to fill all areas of the urn.

Approx. time- 2 days

Polishing

After color application, the urn is polished four separate times.

Approx. time - 1/2 day

Final Finishing

The exposed copper is plated with gold and given a final polishing for an added beauty.

Approx. time - 1 hour

Due to limitations of computer screens and color printers, the color of a product may vary from its photograph.
