Team Formation

- Each player will hit his or her tee ball to begin each hole. The team will choose the best shot and from that spot each player will hit his or her second shot. This format will continue until completion of the hole and a single score is recorded. Upon completion of the round, the 18 hole total will be the team’s overall score.
- A minimum of 5 tee shots must be used by each player on the team.
- The holing of any shot constitutes the end of the hole for that team and the score at that point becomes final. This situation typically becomes an issue when a team having a particular putt has a player miss the putt and decided to put out before the second player has an opportunity at the original putt.
