You Can Afford to Go Abroad

Follow these tips and go abroad, no matter your budget.

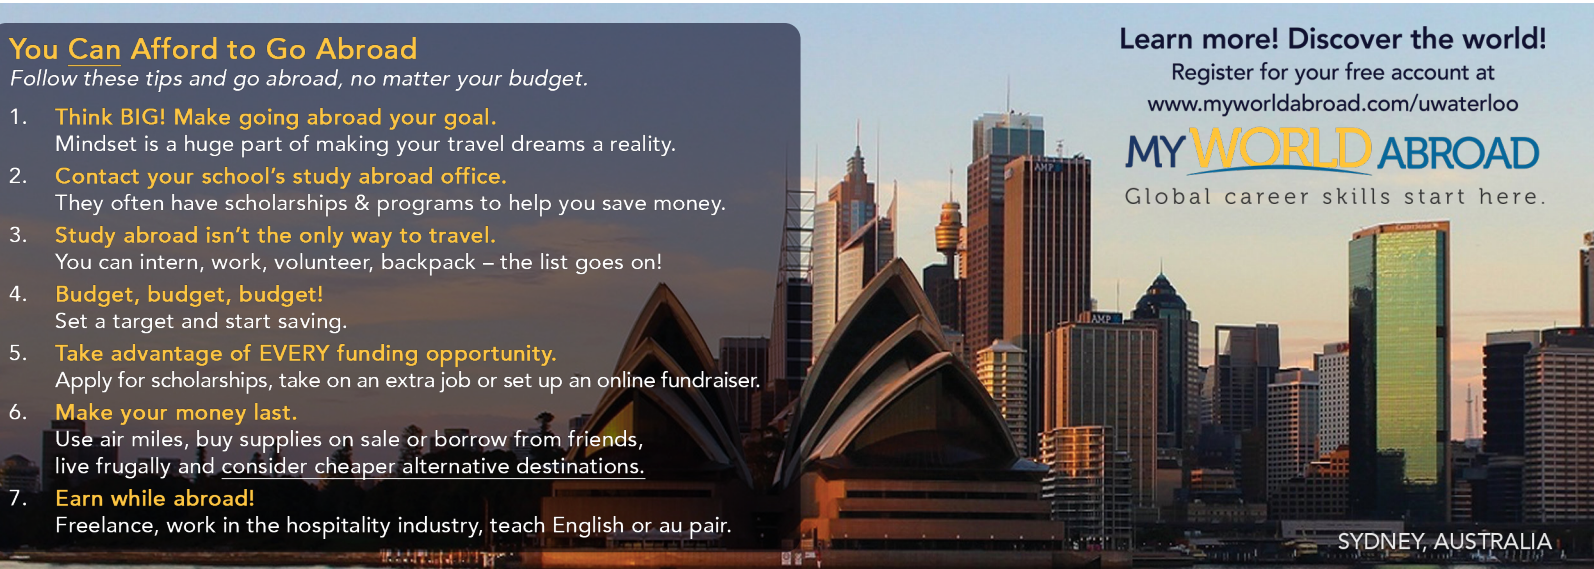

1. **Think BIG! Make going abroad your goal.**
Mindset is a huge part of making your travel dreams a reality.
2. **Contact your school's study abroad office.**
They often have scholarships & programs to help you save money.
3. **Study abroad isn't the only way to travel.**
You can intern, work, volunteer, backpack – the list goes on!
4. **Budget, budget, budget!**
Set a target and start saving.
5. **Take advantage of EVERY funding opportunity.**
Apply for scholarships, take on an extra job or set up an online fundraiser.
6. **Make your money last.**
Use air miles, buy supplies on sale or borrow from friends, live frugally and consider cheaper alternative destinations.
7. **Earn while abroad!**
Freelance, work in the hospitality industry, teach English or au pair.

Going Abroad is a Key Component of Your Education!

The tips below show how to make the most of your international potential.

1. **Take action!** Don't wait for circumstances to be perfect. Set the wheels in motion and make concrete plans to go abroad.
2. **Plan in advance.** Start researching organizations, meet with school advisors, save money and prepare application materials.
3. **Don't let the news stop you.** The media sometimes makes the world feel like a dangerous place. The real world is full of welcoming people.
4. **Attitude is everything.** Up your game from a go-abroad adventure to a life-changing, career-boosting international experience.
5. **Take pre-departure seriously.** Research your host country, connect with people who've been there, learn the language and mentally prepare.
6. **Focus on learning abroad.** Problem-solving, cultural sensitivity, adaptability, and an international perspective are required for success in many modern workplaces.
