

Ji-Kun Summary

(2-Tank, 3-Heals & 5 DPS)

Ji-Kun Platform

- 1) Tanks need to swap after every  Talon Rake.
- 2) Everyone needs to spread out to avoid extra damage from  Caw.
- 3) Run towards the boss when he casts  Down Wind
- 4) Stand in the  Feed Pools for 3 secs to soak them up. Dont soak up another until the Slimed debuf is gone.
- 5) If you have the flying buff – fly up and intercept the slim pools in the air when Ji-kun casts Feed Young. (Grants damage increase 100% and healing 30%)
- 6) Use CDs for  Quills which does raid wide damage.

Nest Groups

- 1) There will be two nest groups (1 healer and 2-3 dps in each group)
- 2) Each group will need to kill activated eggs asap.
- 3) First group will drop down on nest one and kill the eggs, then back to platform.
- 4) Second group will drop down on nest two and kill the eggs, then proceed to nest three.
- 5) Will continue to rotate unless two nests activate at the same time.
- 6) Rinse and repeat.

Time Warp at 20%
