How this works, the rules?

1. All members, GCs/SC included, as of 1 JUL 25 can win! This means people joining Peg Com during the event do **not** get a chance to win.
2. The winner will get a 200 USD Gift card which will cover the purchase of the items, or they can just take the card, winners' choice. All items are on Amazon.
3. A winner will be picked at random by me on 2 AUG 25, from all entries who are members. You do not have to be present at the drawing to win.
4. Any member that leaves the guild before the winner is announced forfeits all entries and **cannot** win. If they win and leave the guild before the prize is given out, a new winner will be selected in the same manner. Entries are not transferable.

How do you get entries?

1. All normal official Ops and CCs for our games you attend are worth 3 entries per OP and 1 per CC. You must stay at least 1 hour for it to count.
2. For mini-ops you get 1 entry and must stay for the entire mini-op.
3. Special Contests inside each game will allow the winner(s) of it to get up to a total of 7 entries for each contest. Each game must have one Special Contest and may have up to four that will count for this giveaway. GCs may allocate the entries how they see fit for their contest, for more than just a 1st place winner.
4. There will be at least one special 14th Anniversary OP for each game which will be worth 5 entries to attend. You may have up to 3.
6. You will get 1 entry for each newly accepted member of Pegasus Command; you recruit in July for any official game. It is your responsibility to make sure I know about it.
7. Members that have any game guild medal awarded to them will get 2 entries per medal awarded, while any guild wide medal awarded will be worth 4. Multiple awards for the same medal do count. So, you want to check and see what you may be eligible for!
8. Attending Peg Com Movie Night, Peg Com DnD, Peg Com Chess Night (New Event!) or Peg Com Karaoke will count as 3 entries.
9. For guild wide events held during the Anniversary you will receive 10 entries per event. This included the guild wide events being hosted by each guild game.

10. Game Commanders each have a bank of 20 entries they can use in any way they wish for special events, recognition of members, or contests in their games.

11. There is no limit to the number of entries any member may earn. You may earn entries in any official game we have.

12. You will get 1 entry for each month you have subscribed to the Pegasus Command Twitch Channel up to a max of 12. Any first-time subs during the event will get 2 entries.

How is the winner picked?

I will list each member with an entry on the site and update the number they have weekly, if you feel there is an error let me know. At the end of the giveaway your name is put in a hat for each entry you have. So, the more you get the better your chances. I will draw one name from the hat blind and bingo winner!

Any limit to number of entries a member can have?

No, you can go to any event, op, ect you wish all are open to all members. You will get an entry even if it is the first time you have tried that game with us.

Disputes?

All issues should be brought to my attention as soon as you know one. If my resolution does not solve the issue for you, you may appeal to the Peg Com Judicial System.

Good luck to all! Post any questions about the giveaway you may have below.

As always, we are nothing without our members! And Happy 14th Anniversary Pegasus Command, we look forward to many more!
