

**Fact Sheet** UTI-Orlando, FL

**Campus Overview**

- Universal Technical Institute-Orlando campus opened in 2004.
- The 154,200-square-foot training facility is located in Orlando, Fla., and has the capacity to train over 3,600 students, including students at Motorcycle Mechanics Institute and Marine Mechanics Institute.
- UTI is on the 2016 Military Friendly Schools® list published by Victory Media in recognition of efforts to ensure the success of America's military service members, veterans and spouses as students.
- The key Orlando area employers that hire automotive technician graduates are Advance Auto Parts, AutoNation Ford of Sanford, City Kia, Coggin Honda of Orlando, Enterprise Holdings, Fields BMW, Firestone Complete Auto Care, Fountain Auto Mall, Goodyear Auto Service Center, Pep Boys, Tire Kingdom and Universal Nissan Orlando.
- The campus has approximately 230 employees.

**Specialized Training**

- UTI-Orlando provides the training necessary to excel as an entry-level automotive or diesel service technician.

**Core Programs**

- Automotive – The program teaches students how to diagnose, maintain and repair domestic and foreign automobiles.
- Diesel – The program teaches students the basic knowledge and skills to diagnose malfunctions in mechanical and electrical systems, and make necessary repairs and replacements on diesel engines, commercial vehicles and heavy equipment.
- Automotive/Diesel – The program provides students with every Automotive and Diesel course, giving graduates the flexibility to qualify for positions in both industries.

**Blended Curriculum Model**

- Universal Technical Institute is committed to providing students with the skills necessary to succeed in the global marketplace of the 21<sup>st</sup> century. UTI delivers a new blended learning curriculum that offers more convenience and training flexibility for its students. This new model features extensive hands-on experience supported by classroom instruction and interactive online learning. It is the same approach used by many of the industry's top employers for training their own technicians.

**Manufacturer-Specific Advanced Training (MSAT)**

- BMW FastTrack and Service Technician Education Program (STEP) – The 12-week FastTrack and 24-week STEP programs provide training specific to the BMW product line.
- Ford FACT (Ford Accelerated Credential Training) – The 15-week program teaches students about the equipment and procedures used in Ford and Lincoln service departments around the nation.

- MINI Service Technician Education Program (STEP) – The 11-week program offers training on one of the most recognizable and popular automobiles in the world.
- Nissan Automotive Technician Training (NATT) – The 9-week program provides training to troubleshoot, repair and maintain chassis, climate, drive train, electrical and engine systems for Nissan and Infiniti vehicles.

#### **Accreditation**

- UTI-Orlando is accredited by the Accrediting Commission of Career Schools and Colleges, which is recognized by the U.S. Department of Education.

#### **STEM**

- Universal Technical Institute participates in the STEM Education Coalition, a nationwide initiative that reflects our commitment to ensure science, technology, engineering and math skills are interwoven throughout our curriculum.
- UTI has been designated a 2016 STEM Jobs Approved College by Victory Media, the leader in helping America's military veterans transition to civilian life.

#### **Community Champions**

- Employees and their families as well as students are actively involved in the community. UTI-Orlando staff and students roll up their sleeves several times a year to donate blood to OneBlood.
- Employees also participate in many events for our students and community, including Student Appreciation Day, Toys 4 Tots, Salvation Army, and Powerpalooza.
- The campus hosts STEM Job Shadow Day events with Junior Achievement of Central Florida and the Boys & Girls Clubs of Central Florida. These events showcase how science, technology, engineering and math are integral skills of the automotive industry.
