The MMI Difference

They can continue their training by choosing an elective featuring one of MMI's key manufacturer partners to earn work experience credit, certifications or technician recognition levels. The manufacturers are:

- BMW Motorrad – The elective provides training specific to the BMW motorcycle product line.
- HonTech 24 – The elective provides training specific to the Honda motorcycle, all-terrain vehicle, generator and personal watercraft product lines.
- YamaPro® – The elective provides training specific to the Yamaha motorcycle, all-terrain vehicle, utility vehicle, personal watercraft, snowmobile and generator product lines.
- K-TECH Specialist – The elective provides training specific to the Kawasaki motorcycle, all-terrain vehicle, utility vehicle and personal watercraft product lines.
