

OIL & GAS INFRASTRUCTURE SERVICES

FULL SERVICE REDEFINED

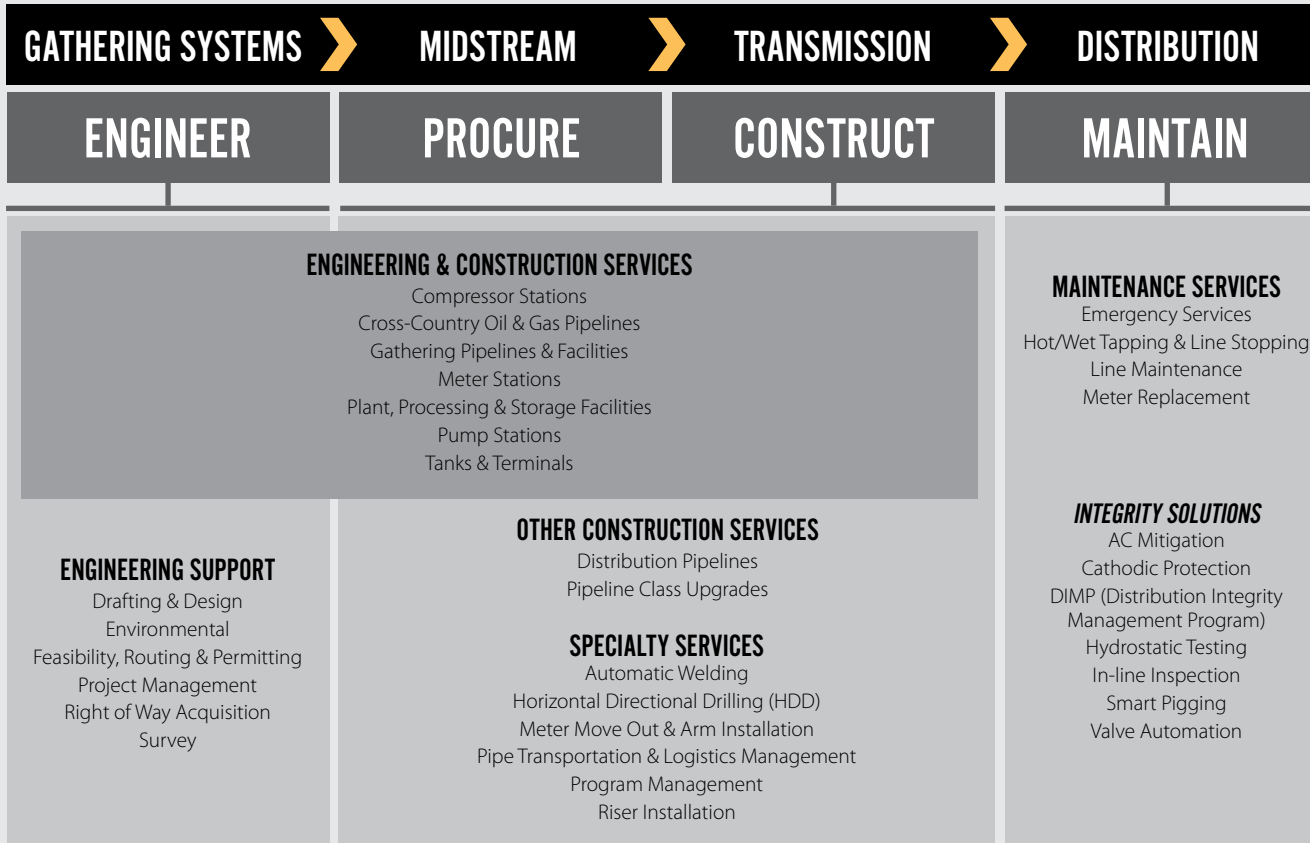

Quanta Services provides a comprehensive scope of construction services for the oil and natural gas industry. Quanta is redefining the turnkey process by bringing full engineering, procurement and construction (EPC) services plus specialized skills and unmatched resources to the pipeline lifecycle.

Oil and gas companies choose Quanta for its extensive knowledge, expansive resources and unmatched scope of services. As the industry leader for infrastructure solutions, Quanta has demonstrated its value to effectively manage time constraints and work in uncharted territory across a changing industry landscape.

COMPREHENSIVE SCOPE OF SERVICES

OIL & GAS INFRASTRUCTURE SERVICES

DEEP-ROOTED EXPERIENCE

As the recognized market leader of large diameter pipeline construction in North America, Quanta's specialized services such as horizontal directional drilling, custom trenching and in-line inspection services, literally add depth to Quanta's pipeline infrastructure service offering.

Decades of project management experience allow Quanta to anticipate complex issues and provide innovative solutions to exceed expectations and complete work according to schedule.

FAR-REACHING RESOURCES

By bringing together the collective experience of operating units across the country and abroad, Quanta provides unmatched resources, such as a workforce of tens of thousands, a fleet that could stretch for hundreds of miles and decades of expertise. The company combines these resources with a track record of technological aptitude, an industry-leading safety record and a commitment to excellence. As a result, the company offers an unrivaled capacity to serve complex customer needs.

QUANTA IS THE OWNER OF THE LARGEST SPECIALIZED EQUIPMENT FLEET IN THE INDUSTRY.

QUANTA IS THE LARGEST PIPELINE SPECIALTY CONTRACTOR IN NORTH AMERICA.
