

CSA / UL SAFETY REQUIREMENTS

CSA / UL requires that these IMPORTANT SAFETY INSTRUCTIONS be listed;

This portable lamp has a polarized plug (one blade is wider than the other). As a safety feature this plug will fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Never use with an extension cord unless plug can be fully inserted. Do not attempt to defeat this safety feature.

CARE INSTRUCTIONS

Arnsberg suggests using only micro fiber cleaning cloth to clean this fixture. If required, a slightly damp cleaning cloth may be used to spot clean. Do not use common household cleaners on this fixture, as the final finish may be damaged as a result. Enjoy your new Arnsberg fixture.
