This Arnsberg Naples pendant looks like it has a simple plain black shade, but that black shade actually features shimmering gold leaf and mirrored glass chips on the inside, bumping up the style to the next level. Uses LED light sources with 3000K color temperature. Uses superior OSRAM SMD LED lights with exclusive Opto Semiconductor. These LED lights are smaller, more efficient and put out more light! Naples also has exclusive Quattro dimming, which means no dimmer switch is required. You can choose from four different levels of light with just the flick of a light switch. Arnsberg offers meticulous German engineering to beautify your home.
