Hackensack Meridian Mountainside Medical Center

**Department:** Family Medicine

**Job Title:** Teaching Faculty  Reports to: Program Director

**Prepared By:** Kevin Berg, M.D.  **Date:** 9/1/2021

**Approved By:** Kevin Berg, M.D.

**Job Summary:**

The Teaching Physician is responsible for working collaboratively with the faculty team in the general administration of Mountainside Family Practice Group (MFPG) and HackensackUMC Mountainside Family Medicine Residency.

**Responsibilities**

1. To deliver high quality patient care being a contact role model for residents.
2. Direct teaching supervision of residents through precepting in the MFPG office and rounding with residents.
3. Consultation and backup for residents, including availability during night and weekend coverage on a rotation basis.
4. Teaching of residents through participation in didactic seminars, lectures, workshops and chart reviews.
5. Curriculum development and coordination for residents and medical students adhering to the ACGME guidelines.
6. Advising, providing feedback, evaluating and counseling residents on a regular basis as prescribed by the program advisor.
7. Administrative duties as outlined by Program Director.

**Specific Duties**

- MFPG office hours rotating extended and weekend hours.
- Precepting residents and medical students in the MFPG office.
- Rounding on in-patients on a rotational basis.
- Night and weekend call on a rotational basis.
- Attending to, on a rotational basis, MFPG’s commitments with outside organizations (Nursing Homes, Medical School, Universities, etc.)
Specific Duties (continued)

- Attending and participation in MFPG conferences, weekly faculty meetings, recruiting academic practices and management committees.

- Maintaining Hackensack Meridian Mountainside Medical Center privileges and participating in the Medical Staff as required by the bylaws.

Qualifications:

1. Must demonstrate a strict interest in the education of residents, mentoring, role modeling sound clinical and teaching abilities, support of the goals and objectives of the program, a commitment to their own continuing medical education and participation in scholarly activities.
2. Graduate of an accredited school of medicine and family medicine residency
3. Has current NJ Board of Medical Examiners license for the practice of medicine.
4. Has current NJ CDS and DEA licenses
5. Has current Board Certification in Family Medicine.
6. Experience as an educator in Family Medicine preferred.
