Buck & Slug

Sporting hunters continue to leverage shotguns for the exciting pursuit of wild hogs, whitetail deer, and even coyotes.

Well, Fiocchi has a proven recipe for all the above in the Buck & Slug lineup. Chambered for 12-gauge 2-3/4, hunters can choose nickel-plated 00 or #4 buckshot for close-in work or 7/8-oz., 1,300 fps slug for optimum range performance.

These 00 and #4 buckshot loads also make an ideal home defense option.
