

Vision

ANPD is the thought and practice leader for nursing professional development.

Mission

ANPD's mission is to advance quality health care by defining and promoting nursing professional development practice.

Focus	NPD Role Clarity	Managing Transitions	Leadership	ANPD Value Proposition
Objectives	<ol style="list-style-type: none">1. ANPD will strategically position itself to advocate for the NPD specialty2. NPD practitioners will strategically position themselves to demonstrate the value of their role	<ol style="list-style-type: none">1. NPD Practitioners will be recognized as the expert practice partner in implementing transition to practice (TTP) programs and processes2. NPD practitioners will be leaders in facilitating the transition of healthcare professionals into new and changing practice roles	<ol style="list-style-type: none">1. ANPD will be recognized as the leader for nursing professional development practice.2. NPD practitioners will be recognized as leaders in healthcare and as experts in professional development	<ol style="list-style-type: none">1. ANPD will strengthen its value to NPD practitioners and be recognized as their preferred membership organization
