

QUICK TIPS FOR MAKING VIDEOS & QR CODES®

USING ADOBE SPARK

ANPD
Association for Nursing
Professional Development

Montana Nurses Association

1. Make a plan - determine best layout

2. Record videos and gather images to be used

3. Start project in Spark app & upload media

4. Complete video edits & click "Share" > "Publish" > "Create Link" > "Copy"

5. Search and select a free QR Code® generator from your browser

6. Paste video link into generator, create QR code® & download image

Visit our discussion thread for more information, examples, and to ask any questions.
