**OUR MISSION**
Conquering cancer by fostering collaborative efforts between critical stakeholders.

**OUR VISION**
A community of organizations working together to improve the quality of care in cancer.

**OUR GOALS**
- Gain perspectives on Member insights and challenges
- Provide opportunities for Members to work together on key issues
- Promote highest quality of patient care
- Advance innovation that impacts quality of patient care

**HIGHLIGHTS FROM PREVIOUS MEETINGS**
- **2019:** Leaders from FDA, NCI, Moffitt Cancer Center, Cancer Support Community and Wake Forest Baptist Health, among many others, led discussions on how to address clinical research disparities for underrepresented and vulnerable populations.
- **2018:** Experts from Friends of Cancer Research, Sarah Cannon, Pharmacyclics LLC, National Patient Advocate Foundation, FDA and more, encouraged discussion of the changing role of data collection in adaptive and clinical trials.
- **2017:** Founding members heard provider and patient perspectives on precision medicine in oncology from LUNGevity Foundation, Massachusetts General Hospital, ASCO and Genentech, and many more.

The 2020 CCC runs from June 1, 2020 - May 31, 2021. Prospective members must:

- Be legally organized and operated (including corporations, companies, nonprofit organizations, foundations, trusts, partnerships, and sole proprietorships);
- Be committed to improving the quality of care for cancer patients worldwide; and
- Commit to abide by the Conquer Cancer Council Member Expectations and Antitrust Guidelines

Prospective full members can indicate in their application if they’d like to be considered for the Oncology Measures Advisory Group (OMAG) or the Conquer Cancer Council Advisory Group (CCCAG).

Please contact us at council@conquer.org with any questions about the application process, OMAG or CCCAG subgroups, or the CCC program in general.
