ABOUT
Connecting to Conquer Cancer
The Conquer Cancer Council unites stakeholders from for-profit and non-profit organizations to discuss challenges, explore potential solutions, and exchange ideas to improve the quality of care for patients with cancer.

MISSION
Conquering cancer by fostering collaborative efforts between critical stakeholders
The Conquer Cancer Council provides a platform for advocates, clinicians, researchers, industry stakeholders, and everyone who wants to conquer cancer to come together and learn from each other. Each member organization positively impacts cancer care by bringing unique perspectives and insights to the table.

VISION
A community of organizations working together to improve the quality of care in cancer
Imagine a network of like-minded colleagues sharing ideas to tackle key challenges in oncology and working together towards transforming patient care. We believe that when key stakeholders communicate and collaborate, we achieve our collective goal to improve quality of care for patients at all levels.

"By becoming a founding member of the Conquer Cancer Council, Taiho believes that coming together will help advance science and innovation and most importantly, improve outcomes and care of oncology patients. The Conquer Cancer Council is a valued opportunity to collaborate with and learn from oncology leaders, regulatory experts, fellow industry colleagues, patients and survivors." Kim Hart, Director, Patient Alliances, TAIHO Oncology, Inc.

BENEFITS
- Two spots for principal decision-makers within the member organization to serve on the Conquer Cancer Council
- Logo recognition on Conquer Cancer Council webpage and other comprehensive listings
- Recognition and benefits at the ASCO Annual Meeting and other ASCO Meetings/Symposia
- Complimentary registrations and invitations to select events
- Quarterly newsletter updates on ASCO and Conquer Cancer

*Additional benefits are available. Please contact us for a complete listing.
“BCRF is thrilled to be part of the Conquer Cancer Council (CCC) and proud to bring a non-profit funder’s voice to the table with other Conquer Cancer partners in industry and advocacy. The CCC meetings are well planned around critical patient issues that engage multiple stakeholders in finding solutions. Kudos to ASCO’s Conquer Cancer for their forward thinking.”
Margaret Flowers, Director, Scientific Communications and Grants, Breast Cancer Research Foundation

MEMBERS

* Denotes a member of the Oncology Measures Advisory (OMAG) subgroup.
