

Viewing a Student's Completed Quiz

Brightspace will automatically score a student's quiz for certain types of questions, such as True/False or Multiple Choice. For other question types, or in cases where you need to view the student's responses to provide feedback, you can view their quiz:

- Go to your Gradebook by selecting **More** on the Navbar and then **Grades** from the dropdown menu.
- Click on question mark next to the score for the student.
