

# ACADEMIC LINEAGE OF IVAN RETAMOSO

*Doctoral Ancestry Traced to Gottfried Wilhelm Leibniz*

**Ivan Retamoso**

City University of New York, 2015

**Victor Pan**

Moscow State University, 1964

**Anatoli Vitushkin**

Moscow State University, 1954

**Andrey Kolmogorov**

Moscow State University, 1925

**Nikolai Luzin**

Moscow State University, 1915

**Dmitri Egorov**

Moscow State University, 1901

**Nikolai Bugayev**

Moscow State University, 1866

**Karl Weierstrass**

University of Königsberg, 1841

**Christoph Gudermann**

University of Göttingen, 1818

**Karl Friedrich Gauss**

University of Helmstedt, 1799

**Johann Friedrich Pfaff**

University of Göttingen, 1786

**Abraham Gotthelf Kästner**

University of Leipzig, 1739

**Christian August Hausen**

University of Halle-Wittenberg, 1713

**Christoph Pfautz**

University of Leipzig, 1670

**Gottfried Wilhelm Leibniz**

University of Altdorf, 1666

## Historical Summary

Tracing back through the legendary Soviet mathematical school and the rigorous 19th-century German analytical tradition, this lineage reaches the foundational work of **Karl Friedrich Gauss** and **Gottfried Wilhelm Leibniz**. It represents a continuous chain of mathematical mentorship and discovery spanning over three and a half centuries.

Records synthesized via the Mathematics Genealogy Project.
