### Student Comments for PORCELLI, STEFANIA for Fall 2024

ITAL 10100 Sec: 01	I think the course was good. It was just a little hard to keep up because most of the class knew Italian coming in. So it was hard to feel confident but that's not your fault. Overall it was a great introduction class to Italian.
	Very clear in her teaching!
	As an adult learner and returning to formal education after a long hiatus, Stefania made learning Italian fun and interesting. I found her teaching style worked for me and I was able to thrive in her classroom.
	Ms. Stefania is one of the best professors I've had at Hunter College so far. She has a remarkable ability to keep the class engaging and ensures that every student feels supported. If anyone needs additional help, she's always there to provide it. Her teaching style has inspired me to continue studying Italian as a language, and I'm truly grateful to have had the opportunity to learn from her. What sets her apart is her genuine care for her students. She doesn't just assign a lot of work and leave us to figure it out on our own; instead, she ensures that we fully understand the material. Her approach makes learning enjoyable and motivating, and I feel lucky to have had such a dedicated and compassionate professor.
	My Professor is fun, interesting and has a great passion for teaching. She always engages students to participate and encourages everyone to try. I learned a great deal this semester and am happy I can again be in her next semester's class. Tests and quizzes keeps everyone on their toes and I really love doing our assigned homework. Always: Avanti, Avanti 😊
	Thank you for always offering support.
	Professor Porcelli is truly exceptional at what she does. Language courses have always been a challenge for me, and I often found myself struggling to fully grasp the material. However, her engaging teaching style, patience, and ability to break down complex concepts into manageable pieces have made a difference. For the first time, I feel confident in my ability to learn and speak Italian. She has a unique talent for making the learning process effective and enjoyable, and I am deeply grateful for her dedication and expertise.
	You're an amazing teacher, and I really appreciate how much effort you put into making the class clear and engaging. You made even the hard topics feel doable, and your support and patience really stood out. Thank you for making this such a great learning experience!
	I truly enjoyed Professor Porcelli I truly loved her class and made me love learning the Italian language. Overall Professor Porcelli was amazing.

ITAL 10100 Sec: 06	I felt she was very engaging in our class and I would recommend it for anyone looking to take Italian. It was a little challenging for me especially as a beginner course but overall very good professor.
	I really enjoyed taking the class. I have learned so much that my parents and brother now know some Italian as well. Learning a new language to me is an accomplishment because I can apply it later on in my career. I am super thankful for everything you taught me and even though in the exams it didn't reflect it I still try my best and try to do better. Grazie mille.
	One of my favorite professors, amazing overall
	This professor is pretty nice. As long as you show up and do her work you should be fine. She's kind and will make you talk in class , as always has an answer to whatever question you may have .
	I enjoyed how this professor spoke in Italian to answer student questions, as trying to decipher these answers helped me be more conversational in Italian.
	Really great class, i cant wait to take her again next semester!
ITAL 33100 Sec: 01	Excellent prof. Increases interest in the subject. Strong knowledge of the subject. Uses creativity and a variety of teaching materials.
	Thank you very much, I really enjoyed this class (was my favorite out of all the italian classes I've taken) I may take it for minor and continue to learn italian to be fully fluent :) Grazie millie per tutto!!!
	Always a joy to take class with Stefania.
	As a senior auditor in Italian I can say without question that in this class I learned the most ever about the features of the Italian language in some depth. There was much new material introduced ,such as phonetics and the regional accents. Unlike most other classes we did more than review grammar that we were supposed to have learned previously, and were presented with new, challenging material. I did enjoy reading the Goldoni play and reading poetry by authors previously unfamiliar to me. I found the IPA symbols difficult to learn/use or remember, on the other hand. And the videos used to explain the regional accents, made by a young man with his own podcast, were too detailed and not easy to follow as there was "too much information", rather confusing. Really enjoyed the class as it was intellectually challenging and helped me to develop my Italian to a much higher level. Grazie mille, Professoressa!!!
	Amazing class and professor. I felt very supported by the professor and learned so much about the italian language in this course. I am taking another class with her next semester.
