

Your Money, Your Goals Resources for Native Communities

A webinar introduction

The growing suite of *Your Money, Your Goals* financial empowerment resources helps frontline staff and volunteers as they work with consumers to...

- Make spending decisions that can help them reach their goals
- Order and fix credit reports
- Avoid tricks and traps as they choose financial products
- Make decisions about repaying debts and taking on new debt
- Keep track of their income and bills
- Decide if they need a checking account and understand what they need to open one

On November 15, from 1:00 to 3:00 p.m. Eastern, the Consumer Financial Protection Bureau will host a webinar introduction for people working in Native Communities.

The webinar will introduce participants to these resources and their benefits for Native Communities:

- ***Your Money, Your Goals: A financial empowerment toolkit for social services programs.*** This toolkit includes 40 tools that case managers and others can use with clients to address a wide range of financial topics. (See <http://www.consumerfinance.gov/your-money-your-goals> to take a look at the toolkit in advance.)
- ***Focus on Native Communities.*** This supplement to the *Your Money, Your Goals* toolkit meaningfully connects the toolkit to Native Communities and includes additional tools that are especially relevant to Native Americans.
- ***Behind on Bills.*** This special collection of eight tools provides a welcoming and easy-to-understand means of helping clients in Native Communities address their challenges related to paying bills.

How to register

Email YourMoneyYourGoals@consumerfinance.gov to let us know that you plan to attend! We will confirm your participation and provide log in information for the webinar.
