CPD for Family Physician Series

The Continuing Professional Development Program for Family Physicians is designed to provide a wide range of timely and challenging topics relevant to an office based practice. Working closely with doctors and professional organizations across Manitoba, programs are designed to address current issues relevant to the needs and demands of physicians and administrators. Allied health professionals are also encouraged to attend CPD sessions and programs.

These programs are flexible, accessible, innovative and responsive. They include a number of off-campus locations and distance education technology with highly qualified instructors.

Physicians may participate in these offerings in a number of different ways. Formats include an on-site speaker series at the Bannatyne Campus, an off-site series at Community-Based sites throughout rural and northern Manitoba and a Friday@Noon Videoconference Series.

Bannatyne Campus Program

Continuing Professional Development is committed to providing high quality educational programs to Manitoba physicians. The main program objectives are to enhance clinical competence and improve patient care. This series of programs will feature a combination of plenary sessions and panel discussions that will allow the participant an opportunity for interaction in a convenient, centrally located venue.

The Bannatyne Campus series offers approximately 40 hours of lectures and/or workshops throughout the academic year commencing in September and ending in May. All sessions are in the Frederic Gaspard Theatre.

Community-Based Program

Operating in seven Manitoba communities, this program offers physicians in rural and northern Manitoba a monthly on-site or videoconference CPD session. In order to address the unique clinical characteristics of each community, this program requires a community physician to act as “chair”. These physicians identify the learning needs of their colleagues and work with the CPD office staff to organize CPD events.

The Community-Based Program is supported by an unrestricted education grant from the Office of Rural and Northern Health.

Friday@Noon 2011-2012 Schedule

Our Friday@Noon program is designed to provide timely, accessible continuing professional development to Manitoba's health professionals. Facilitators provide an evidence-based review and time for discussion. The program takes place one Friday per month from 12:00 to 13:00 hours as a multi-site videoconference to over 50 locations through the MBTelehealth Network. The sessions are also web archived to allow retrieval by health professionals at their convenience.

This year the Friday@Noon series will focus on new therapeutic agents. When new therapeutic agents are launched, it is often challenging for prescribers to determine how new agents should be used and how they might compare to ones with proven track records. Each 1-hour session will provide unbiased, in-depth and timely information on a new therapeutic agent. Sessions will be facilitated by a pharmacist and expert clinicians.

This program is available at no additional cost for annual registrants of the Bannatyne Campus or Community-Based CPD programs. Registrants for the Friday@Noon must have access to MB Telehealth and agree to operate the on-site videoconference equipment.

LOCATIONS: The program is available at MBTelehealth locations throughout Manitoba. Please visit the MBTelehealth website (www.mbtelehealth.ca/locations.html) to locate the most convenient site for you.

GENERAL INFORMATION

REIMBURSEMENT OF REGISTRATION FEES

Physicians may be eligible for reimbursement of registration fees and expenses to attend CPD events from a fund administered by Doctors Manitoba. For more information regarding this, please go to www.docsmb.org/ or call (204) 985-5844

REFUND/CANCELLATION POLICY

Refunds are processed only on return of the original receipt. All receipts must be returned within 30 days.

FOR THE ANNUAL REGISTRATION

Prior to September 30, 2011, the registration fee, less an administrative fee of \$30, will be refunded. This administrative fee covers the staff costs of processing refunds and other costs associated with cancellations.

FOR THE DAY REGISTRATION

More than 14 days prior to the event:
The registration fee, less an administrative fee of \$30 per session, will be refunded. This administrative fee covers the staff costs of processing refunds and other costs associated with cancellations.

Less than 14 days prior to the event:
Requests for refunds will be assessed on a case-to-case basis and at the discretion of the course planner. Dependent on the nature of the educational event or the reason for withdrawal, the participant may be offered a refund not to exceed 50% of the cost of the registration fee.

After Program has commenced:
As all educational materials, catering and other requirements have been prepared in expectation of attendance, no refunds are possible.

CONFIRMATION OF REGISTRATION

Confirmation of registration will be in the form of an official tuition receipt. No other confirmation will be sent.

COURSE CANCELLATION POLICY

The Division of Continuing Professional Development reserves the right to cancel the course if there are insufficient registrations.

ACCREDITATION

The University of Manitoba Division of Continuing Professional Development is fully accredited by the Committee on Accreditation of the Canadian Association for Continuing Medical Education (CACME).

STUDY CREDITS

The Bannatyne Campus Program meets the accreditation criteria of the College of Family Physicians of Canada and each session in the series is accredited for up to 5.0 Mainpro-M1 credits.

The Community-Based Program meets the accreditation criteria of the College of Family Physicians of Canada and each session in the series is accredited for between 2 and 5 Mainpro-M1 credits.

The Friday@Noon program meets the accreditation criteria of the College of Family Physicians of Canada and each session in the series is accredited for no more than 1 Mainpro-M1 credit.

Associate Dean's Message

Many of you will have noticed that the Office of Continuing Medical Education (CME) has been renamed the "Division of Continuing Professional Development". This was done to reflect the diversity of activities of our unit: continuing education programming, physician assessment services, IMG training, programming for the general public, as well as new initiatives with the Faculty of Dentistry. The name change also signals our desire to move continuing education beyond the didactic; embracing concepts of self-directed learning and personal development while considering organizational and system factors.

With over 5,000 registrations in over 125 sessions last year, the Division of CPD provides a variety of offerings and options. These offerings aim to accurately reflect and support the professional reality of family physicians' lives. To that end, we are developing educational events addressing a wide array of topics, increasing opportunities for self-directed learning and reflection on practice, and making our professional development offerings more accessible through videoconferencing and web casting.

With the arrival of mandatory continuing professional development, many of you are seeking out locally developed CPD activities. To facilitate your search, the Division of CPD has implemented a new event management system, EvMS. Its listing will allow you to quickly find and register for events being organized by the Division of CPD or by Departments of the Faculty of Medicine. To keep you informed, we also invite you to sign up via our website, for our quarterly e-newsletter or follow us on Facebook or Twitter.
