Maintenance of Certification Program - Pediatric Small Group Discussion Series

Moderator: Dr. Maureen Collison

OVERVIEW

The **"Small Group Discussion Series"** is conducted for the benefit of the practicing pediatrician. The topics chosen will be introduced by a guest expert. This introduction will be followed by a discussion and question and answer period based on problems brought from the practice of the participants. It is the collective experience of the group that will benefit all individuals attending.

Sessions will emphasize clinical problems. This emphasis will allow participants to benefit from the experience of peers as well as that of the guest speaker.

The content of future programs of the **"Small Group Discussion Series"** will be directed by the participants of the series through their suggestions and questions raised during the course of each session.

The **"Small Group Discussion Series"** is scheduled to allow interested pediatricians to attend Pediatric Grand rounds.
