**Logistics:**

CPRS offers discounted hotel rates at hotels near the convention center. Please secure your hotel using our special process to get the discount and for CPRS to the credit. Hotel blocks open in November, check here: <https://www.cprs.org/p/cm/ld/fid=935>. Credit each year helps us obtain better positioning and more rooms at following conferences.

Park at the lots at the Convention Center so you are close when you finish the 6:00-8:30pm evening intensive listed below. (Note: park in a lot, not at a meter because you can't leave an education session with CEU credit to put more money in the meter.)

**Aggression Replacement Training: Slowing It Down**

**0.25 CEUs**

**5:45 p.m. Check-In**

**6:00 p.m.--8:30 p.m.**

**Long Beach Convention Center**

**300 East Ocean Boulevard, Long Beach, CA 90802**

**This educational event requires an additional fee, please see page 1.**

Aggression Replacement Training is a proven intervention tool that can be used by recreation programs or treatment settings that have volatile participants. People reacting to different stresses have resulted in people acting aggressive towards others, either verbally or physically. Individuals participating in this program learn the importance of slowing down a situation and the applying the correct social skill to deal with the situation.

Participants in this training will return to the workplace and present the application of A.R.T. as a tool to decrease aggression in the recreation program or train the individual who is getting ready to return to the community.

Our learning outcomes/learning take-aways for this intensive include:

- Participant will be able to define aggression and its causes
- Participant will be able to identify the three components of Aggression Replacement Training: Skillstreaming, Anger Control Training, and Moral reasoning
- Practice and /or observe the application of the training in each component

**Your Trainer:**
