## 50 Over 50!

**Bill Smith**  
**City Manager, City of Colton**

### **A word from Bill**

When I started in Parks & Recreation at 15 years old, I never dreamed that this would be the beginning of a 37-year journey in municipal government. My first job as a high school student turned into the career I didn't know I wanted. Few career paths provide more opportunity to positively affect so many lives, and the relationships I've formed – including meeting my wife on the job – will be cherished forever!

### ***About Bill...***

Now that I have moved to the “dark-side” as a City Manager, it only makes me appreciate more the experience and job skills that Parks & Recreation provided to me, and I will forever consider myself a “Parks & Recreation Professional.”
