

2009 Exhibitors List

Agilent Technologies

Booth: 2

Elaine Baccino

2850 Centerville Road

Wilmington, DC 19808

Phone: (302) 633-8558

Fax: (302) 239-4810

E-mail: Elaine_baccino@agilent.com

Web site: www.agilent.com

Agilent Technologies is a leading supplier of life science instrumentation and reagents. Together with Stratagene and Velocity11, Agilent provides complete solutions optimizing workflow productivity and performance through automation. From sample preparation to data analysis, Agilent provides suites of products for multiple genomic applications, including microarrays, reagents, real-time PCR, and instrumentation.

BioReliance Corporation

Booth: 7

Scott Hickman

14920 Broschart Road

Rockville, MD 20850

Phone: (800) 756-5658

Fax: (301) 738-2362

Email: Scott.hickman@bioreliance.com

Web site: www.bioreliance.com

BioReliance is a leading provider of outsourcing services for pharmaceutical and biopharmaceutical companies, as well as chemicals, consumer products and medical devices. Specializing in mutagenicity testing, our scientific staff and state-of-the-art facilities provide the most complete and comprehensive toxicology resources available anywhere.

FASEB

Booth: 9

Cordelia Adams

9650 Rockville Pike

Bethesda, MD 20814

Phone: (301) 634-7930

Fax: (301) 634-7253

Email: cadams@faseb.org

Web site: www.faseb.org

FASEB MARC Program provides a variety of activities to support the training of minority students, postdoctorates, faculty and scientists in the biomedical and behavioral sciences. We offer travel awards for scientific meetings, research conferences, and student summer research opportunities programs. We also sponsor Career Development Programs including grantsmanship training seminars.

Helix3 Inc.

Booth: 3
Marie Vasquez
100 Southcenter Ct.
Suite 900
Morrisville, NC 27560
Phone: (919) 462-8105
Fax: (919) 462-8106
Email: mvasquez@helix3inc.com
Web site: www.heliz3inc.com

Helix3 is a GLP contract research organization specializing in providing *in vitro* and *in vivo* comet assay and research studies for regulatory submissions. With over 15 years experience incorporating the comet assay in safety testing programs and risk assessment studies, Helix3 is the leader in providing the most reliable and efficient.

IIT Research Institute (IITRI)

Booth: 13
Cody Reyes
10 West 35th Street
Chicago, IL 60616
Phone: (312) 567-4966
Fax: (312) 567-4106
Email: creyes@iitri.org
Web site: www.iitri.org

IIT Research Institute (IITRI) has provided non-clinical research and development services to Sponsors in the pharmaceutical, biotechnology, chemical and personal products industries as well as the U.S. Government for more than 40 years. IITRI scientists work in the broad fields of toxicology, inhalation toxicology, microbiology, molecular biology, carcinogenesis, and cancer prevention.

Leadscope Incorporated

Booth 8
Heather Landon
1393 Dublin Road
Columbus, OH 43215
Phone: (614) 675-3730
Fax: (614) 675-3732
Email: info@leadscope.com
Web site: www.leadscope.com

Leadscope licenses high quality toxicity databases and QSAR models from the U.S. FDA. The databases and models allow scientist to predict the potential toxicity and adverse human clinical effects of pharmaceuticals (including impurities), cosmetics, food products and chemicals. The Models, built by the FDA, employ closed training sets prepared using both proprietary and non proprietary data.

Metasystems

Booth: 3

Heather Whitney
300 Bear Hill Road
Waltham, MA 02451
Phone: (617) 924-9950
Fax: (781) 487-9950
E -mail: hwhitney@metasystems.org
Web site: www.metasystems.org

Metasystems provides innovative genetic imaging and slide scanning systems for automation in the Life Sciences, MetaCyte for automated FISH and IHC analysis and Spot Counting. RCDetect for rare cell detection, Isis for FISH imaging, with software upgrades including CGH and mFISH analysis and Ikaros for automatic karyotyping plus patient database.

Midwest Bioresearch

Booth: 1
Mike Schlosser
8025 Lamon Avenue
Skokie, IL 60077
United States
Phone: (847) 972-2500
Fax: (847) 972-2506
E-mail: mschlosser@midwestbioresearch.com
Web site: www.midwestbioresearch.com

Midwest BioResearch, now a WIL Research Company, is a recognized industry leader in toxicology services. With exclusive services in genotoxicity, including our fast, accurate and predictive microscreens, to our GLP regulatory assays and expert technical advice, we can help you efficiently accelerate your programs to support a variety of regulatory applications.

Categories: *Consulting, Pharmaceutical, Regulatory Compliance, Screening*

Molecular Toxicology (MOLTOX)

Booth: 6
Kat Smith
P.O. Box 1189
Boone, NC 28607
Phone: (828) 264-9099
Fax: (828) 264-0103
Email: sales@moltox.com
Web site: www.moltox.com

For more than 20 years Moltox has been providing high quality cost effective reagents, bacterial strains, prepared media, metabolic activation (S9) and custom Products to contract research organizations, quality control departments and drug discovery scientists. Our customers have come to expect timely service, knowledgeable technical support and substantial cost savings.

Oxford University Press

Booth: 11

Erin Norris
2001 Evans Road
Cary, NC 27513
Phone: (919) 677-0977 x5288
Fax: (919) 677-1714
E-mail: erin.norris@oxfordjournals.com
Web: www.oxfordjournals.org

Oxford University Press publishes some of the most respected medical and scientific books and journals in the world, including Mutagenesis, Carcinogenesis, and the Journal of the National Cancer Institute. Visit the [Oxford Journal Web site](#) for more information on all of our 200+ journals.

Perceptive Instruments LTD

Booth: 5
Dr. Paul Pover
Blois Meadow Business Centre
Steeple Bumpstead
Haverhill Suffolk UK
Phone: 44 1440 730 773
Fax: 44 1440 730 630
E-mail: paul@perceptive.co.uk
Web Site: perceptive.co.uk

Perceptive Instruments develops and markets products for use in genetic toxicology laboratories. These include automatic colony counting systems for the Ames Test and Mouse Lymphoma Assay, and image analysis systems for Unscheduled DNA synthesis and Comet Assay.

We also have the Ames Study Manager and MLA Study Manager which are comprehensive programs for conducting and reporting regulatory Ames tests and mouse lymphoma assays.

All our systems are designed for compliance with Good Laboratory Practice and with the FDA 21 CFR Part 11 Final Rule on Electronic Records and Electronic Signatures.

Xenometrix AG

Booth 4
Dr. Nicole Weiland
Gewerbstrasse 25
CH-4123 Allschwil
Switzerland
Phone: 41 61 482 14 34
Fax: 41 61 482 20 72
Email: nwj@xenometrix.ch
Web Site: www.xenometrix.ch

Xenometrix AG, Switzerland, produces Ames mutagenicity assays "Ames MPF" and "Ames II" in a liquid microplate format (microfluctuation assays) using less compound, less S9, less plastic ware. Xenometrix also offers multiple end point cytotoxicity screening kits (XTT, MTT, LdH, NR, SRB, CVDE, Glu) which enhances the chances to detect toxicants.
