

DENVER DINING

It shouldn't be difficult to find good to great restaurants in downtown Denver; the following provides a list of some of these. Although we think many of these are “walkable” (less than a mile from the conference hotel), October can be chilly in Denver, so dress appropriately and consider using public transportation (including the free MallRide shuttle) to get to your destination. There are also many sidewalk cafes along the 16th Street Mall / pedestrian walkway. Many of these serve quick, inexpensive fare—perfect for grabbing lunch on the go. Denver restaurants have many healthy options, ask your server about vegetarian, vegan, and gluten-free menu items.

Many restaurants in LoDo offer private areas for group dinners, call ahead for reservations and availability.
