

# Kinetic by Windstream: Who We Are

- Kinetic by Windstream offers broadband to **nearly five million consumer households**
- We pride ourselves on being a **leading rural broadband provider** – the **average size of the communities we serve is 3,000 households**.
- Currently, **we provide residential service in 18 states**: Alabama, Arkansas, Florida, Georgia, Iowa, Kentucky, Minnesota, Mississippi, Missouri, Nebraska, New Mexico, New York, North Carolina, Ohio, Oklahoma, Pennsylvania, South Carolina and Texas.
- As a result of our significant network investment over the past three years, we've made our suite of premium Internet and business solutions available to **more than 50 percent of households and small businesses** in our footprint.

# Kinetic by Windstream: How We Approach Public-Private Partnerships

- **Kinetic is a community partner first by working, shopping and living locally**
- Our **Community Connect** program puts **local leaders at the front** of our efforts.
  - **We evaluate project realities** by identifying and discussing the project specifications, timeframe, are honest about our expectations.
  - **We are willing to do any program inside a community we serve** – we will present budget options and work with the community on possible partnerships to close any funding gaps.
- **We help communities navigate broadband infrastructure funding programs successfully by providing the best risk-free option in the market**
  - We handle all the paperwork.
  - We design, build and operate the network leveraging our experience in executing.
  - We are better able to manage costs and scale based on current operations.
- **We meet our obligations and have a proven track record.** When we are trusted with public money, the projects are completed to spec in the timeframe required.

*Everyone has a role to play in Public-Private Partnerships – from local leadership to Kinetic teams on the ground.*
