This topographic map depicts the Eschenau area in the Harz region. The village of Eschenau is centrally located, with surrounding areas including Kirchberg, Neuhaus, and Silberau. The map features a network of roads, including the main road HAS 12 and local roads like HAS 29 and HAS 277. The terrain is characterized by extensive green forested areas and several mountains, with elevations marked: Großer Knetzberg (487 m), Silberau (420 m), and Kleiner Knetzberg (450 m). Water features include the Bode river and various streams. The map also shows administrative boundaries and specific locations like 'Küchenknockle' and 'Waldabteilung Ölarn'. A scale bar at the bottom indicates distances up to 800 meters, and a QR code is present in the bottom right corner.

This topographic map depicts the Eschenau area in the Harz region. The village of Eschenau is centrally located, with surrounding areas like Kirchberg and Neuhaus. The map features a network of roads, including the main road HAS 12 and local roads like HAS 29 and HAS 277. The terrain is characterized by extensive green forested areas and several mountains, with elevations marked: Großer Knetzberg (487 m), Silberattel (420 m), and Kleiner Knetzberg (450 m). Water features include the Bohlbach and the Silberbach. The map also shows various smaller settlements and landmarks such as Hirtensack, Im Gumpens, and Küchenknockle. A scale bar at the bottom left indicates a distance of 800 meters, and a north arrow is present. A QR code is located in the bottom right corner.
